New Heroes and Familiar Faces

Confirmed Upcoming Marvel Movies

The Marvel Cinematic Universe is gearing up for a robust release schedule, continuing the narrative threads established in previous phases and introducing new characters and storylines. Fans eagerly anticipate the next installments, which promise to further explore the Multiverse Saga and its implications for Earth's mightiest heroes, as well as introduce entirely new champions to the fray. The films slated for release are carefully curated to build upon existing lore while forging new paths.

Blade (Release Date TBC)

The long-awaited reboot of the popular vampire-slaying franchise, *Blade*, is set to bring Mahershala Ali to the MCU as the titular half-vampire, half-human warrior. While specific plot details remain under wraps, the film is expected to delve into the supernatural underbelly of the MCU, introducing a darker and more grounded tone. The character of *Blade* has a rich history in Marvel comics, known for his fierce independence and his relentless pursuit of supernatural threats. His integration into the MCU opens up exciting possibilities for a new genre within the cinematic universe.

Deadpool 3 (November 8, 2024)

Ryan Reynolds is set to reprise his iconic role as the Merc with a Mouth in *Deadpool 3*, a film that is generating immense buzz for a very significant reason: the return of Hugh Jackman as Wolverine. This entry is expected to be R-rated, maintaining the irreverent humor and meta-commentary that made the previous *Deadpool* films so popular. The involvement of Wolverine suggests a potential team-up that fans have dreamt of for years, and the implications for the MCU's multiverse could be substantial, possibly bridging Fox's X-Men universe with the established MCU continuity.

Captain America: Brave New World (February 14, 2025)

Anthony Mackie officially steps into the mantle of Captain America in *Captain America: Brave New World*. Following his ascension as Captain America in *The Falcon and the Winter Soldier* series, this film will see Sam Wilson navigate the complexities of being a symbol of hope in a world grappling with new threats. The movie is expected to explore his journey as the new Captain America, facing off against formidable adversaries. The return of Harrison Ford as General Thaddeus "Thunderbolt" Ross, now President Ross, also hints at a potential Thunderbolts-related storyline.

Fantastic Four (May 2, 2025)

The First Family of Marvel is finally making their official debut in the MCU with *Fantastic Four*. This highly anticipated film is expected to introduce Reed Richards (Mr. Fantastic), Sue Storm (Invisible Woman), Johnny Storm (Human Torch), and Ben Grimm (The Thing) to the cinematic universe. While casting has yet to be fully revealed, the project is a significant milestone, marking the integration of one of Marvel's most iconic teams. The film is poised to explore the origins of these beloved characters and their scientific endeavors.

Thunderbolts (July 25, 2025)

The Thunderbolts, a team composed of anti-heroes and reformed villains, are set to make their big-screen debut. This project will bring together a unique ensemble of characters, many of whom have already been established within the MCU. The roster is rumored to include Yelena Belova (*Black Widow*), Bucky Barnes (*Winter Soldier*), U.S. Agent, Taskmaster, and Ghost. The film will likely explore the moral ambiguities of these characters as they are tasked with missions that blur the lines between heroism and villainy.

Blade (November 7, 2025)

The reboot of the Blade franchise is slated for a second release date, indicating its importance within the MCU's long-term plans. With Mahershala Ali leading the charge, this iteration of Blade promises to be a fresh take on the character, exploring his unique mythology and his role in confronting supernatural threats that lurk in the shadows of the MCU. The film aims to inject a dose of horror and dark fantasy into the ever-expanding universe.

Avengers: The Kang Dynasty (May 1, 2026)

Avengers: The Kang Dynasty is set to be a monumental event in the MCU, continuing the narrative of the Multiverse Saga. This film is expected to bring together a vast array of heroes to face off against the formidable threat of Kang the Conqueror and his variants. Kang has been positioned as the overarching antagonist of this saga, and his widespread influence across time and space promises a conflict of unprecedented scale. The assembly of Earth's mightiest heroes will be crucial in their fight for the fate of reality itself.

Avengers: Secret Wars (May 7, 2027)

Concluding the Multiverse Saga, Avengers: Secret Wars is anticipated to be an event of epic proportions, drawing inspiration from the iconic comic book storyline. This film is expected to feature an even larger roster of heroes, potentially including characters from previous Marvel film continuities, as they confront a multiversal crisis. The implications of Secret Wars are vast, and it promises to redefine the MCU for years to come, bringing together disparate realities and heroes in a desperate battle for survival.

Potential Future Marvel Projects

Beyond the confirmed releases, the MCU landscape is dotted with intriguing rumors and potential projects that hint at the future direction of Marvel Studios. These include continuations of beloved character arcs, the introduction of new fan-favorite teams, and explorations of different corners of the Marvel comic universe. While not officially dated, these projects offer a glimpse into the studio's ambitious vision.

Armor Wars

Originally conceived as a Disney+ series, Armor Wars is now reportedly being developed as a feature film. The story, centered on Tony Stark's technology falling into the wrong hands, will likely see Don Cheadle's James Rhodes, also known as War Machine, take center stage. This project has the potential to explore the ethical implications of advanced weaponry and the responsibility that comes with technological innovation within the MCU.

Spider-Man 4

Following the massive success of Spider-Man: No Way Home, a fourth installment of Tom Holland's Spider-Man saga is highly anticipated. While details are scarce, it's clear that Peter Parker's journey in the MCU is far from over. Fans are eager to see how he navigates his new status quo after the events of No Way Home and what new challenges await him. The potential for new villains and allies, as well as further exploration of the multiverse, remains high.

X-Men Reboot

With the integration of the X-Men into the MCU becoming increasingly likely, a full reboot of the mutant franchise is expected. This will allow Marvel Studios to reimagine these iconic characters for a new generation, weaving them into the existing MCU tapestry. The possibilities for introducing beloved mutants like Professor X, Magneto, Jean Grey, and Cyclops are immense, offering a fresh start for this storied corner of the Marvel universe.

Shang-Chi Sequel

Following the critical and commercial success of Shang-Chi and the Legend of the Ten Rings, a sequel is all but confirmed. Simu Liu is expected to return as Shang-Chi, with the film likely to delve deeper into his origins, the mystical world of Ta Lo, and the wider implications of the Ten Rings. The introduction of new mystical elements and characters promises to expand the supernatural side of the MCU.

Doctor Strange 3

Given the significant impact of Doctor Strange in the Multiverse of Madness,

a third installment for Doctor Strange is highly probable. Benedict Cumberbatch's Sorcerer Supreme is a key player in the Multiverse Saga, and his continued adventures are sure to explore new dimensions and mystical threats. The film could delve further into the concept of incursions and the consequences of tampering with the fabric of reality.

Wonder Man Series

The Disney+ series Wonder Man is reportedly moving forward, with Yahya Abdul-Mateen II rumored to be in talks for the lead role. This project will introduce the classic Marvel character, Simon Williams, a Hollywood actor who gains superpowers. The series is expected to offer a more grounded and character-driven narrative, exploring the life of a superhero trying to balance fame and extraordinary abilities.

The Multiverse Saga Continues

The overarching narrative of the MCU is currently defined by The Multiverse Saga, which began with the Disney+ series and Phase 4 films. This saga is characterized by its exploration of alternate realities, timelines, and the characters who traverse them, most notably Kang the Conqueror. The introduction of the multiverse has opened up a Pandora's Box of storytelling possibilities, allowing for the return of characters from previous Marvel film universes and the introduction of countless new threats and heroes.

Key to the Multiverse Saga are the concepts of variants, incursions, and the manipulation of time itself. Kang, in his various forms, represents the ultimate threat to the established timeline and all of reality. His presence is felt across multiple projects, hinting at his grand design and his desire to impose his will upon the multiverse. The upcoming Avengers films, The Kang Dynasty and Secret Wars, are poised to be the climactic events that will either save or shatter this interconnected reality.

New Heroes and Familiar Faces

The upcoming slate of Marvel movies is not just about continuing existing storylines; it's also about ushering in a new wave of heroes and giving familiar characters fresh starts. The introduction of the Fantastic Four and the rebooted X-Men will bring iconic teams into the MCU fold, expanding the roster of superpowered individuals significantly. Meanwhile, characters like Sam Wilson as Captain America and Shang-Chi are solidifying their places as new pillars of the MCU.

The strategy of Marvel Studios has always been to blend the established with the new, ensuring a dynamic and evolving cinematic universe. The planned films and series promise to deliver a mix of beloved characters facing unprecedented challenges and entirely new heroes stepping into the spotlight, all contributing to the rich tapestry of the Marvel Cinematic Universe.

The anticipation for these upcoming Marvel movies is palpable, fueled by the intricate storytelling and the shared universe that has captivated audiences for over a decade. As the Multiverse Saga unfolds, fans can expect a thrilling journey filled with cosmic threats, personal sacrifices, and the enduring spirit of heroism. The carefully crafted release order ensures that each new story builds upon the last, creating a cohesive and immersive experience for every viewer.

FAQ

Q: What is the next Marvel movie scheduled for release?

A: The next confirmed Marvel movie scheduled for release is Deadpool 3, with an expected release date of November 8, 2024.

Q: When will the Fantastic Four officially join the MCU?

marvel movies upcoming in order: *Smart Pop Explains Marvel Movies and TV Shows* The Editors of Smart Pop, 2022-07-05 Who is Iron Man? What's an Infinity Stone? When did Captain America become the first Avenger? Why does everyone love Loki even though he's a bad guy? It's easy for new fans to get overwhelmed by the sprawling mythology and complexity of the Marvel Cinematic Universe, which now spans more than 20 films and TV shows. Unlike encyclopedias and guides that offer diehard fans trivia, details, and deep dives into every on-screen moment, this first-of-its-kind explainer is an easy, fun, and accessible introduction to the hundreds of characters,

plots, and interconnected stories that make up one of the greatest pop-culture franchises of all time. Do you want to enjoy Spider-Man, but don't quite know what a Skrull is? Maybe you know that it was Agatha all along, but did maybe WandaVision leave you wondering about the multiverse of madness? Do you need a primer on Thor's backstory so you can grasp how The God of Thunder became friends with The Guardians of the Galaxy? Or, maybe you just want to be able to join in when everyone shouts out "Wakanda Forever!" If you're looking for an easy to access entry into what literally everyone is talking about, this is the book for you! As the perfect and unauthorized resource to keep on hand when watching something for the first—or tenth—time, Smart Pop Explains Marvel Movies and TV Shows like no one else could.

marvel movies upcoming in order: *Introduction to Michelle Yeoh* Gilad James, PhD, Michelle Yeoh is a Malaysian actress who is renowned for her martial arts skills, poise, and charm. She was born on August 6, 1962, in Ipoh, a city in Malaysia. As a young girl, she was enamored with dance, particularly ballet, and went on to represent Malaysia at the Miss World pageant in 1983, where she placed third. However, it was her foray into martial arts that would cement her place as a household name. Yeoh quickly became a skilled martial artist and impressed everyone with her debut film, 'The Heroic Trio,' in 1993. Since then, Yeoh has starred in several successful films, including 'Crouching Tiger, Hidden Dragon,' 'Tomorrow Never Dies,' and 'Memoirs of a Geisha.' Apart from acting, Yeoh is also involved in various philanthropic projects, including her long-time work as a global ambassador for the United Nations Development Programme, where she helps to promote gender equality and alleviate poverty. Additionally, she has donated millions of dollars to various causes throughout her career as an actress. Her achievements have garnered several accolades, including the Legion of Honour (France) and the Commander of the Order of the British Empire (UK). Overall, Yeoh's impressive career in both acting and philanthropy has earned her a place as one of the most talented and respected figures in the entertainment industry. Overall, Michelle Yeoh's life and career have been marked by excellence, dedication, and a passion for making a difference. She has proved herself to be an incredibly versatile and multi-talented artist, and her tireless commitment to philanthropy makes her a true inspiration to many. Whether it is through her acting abilities, her martial arts skills, or her charitable contributions, Yeoh has left an indelible mark on the world of entertainment and beyond, and she continues to inspire and impress people all around the world through her work.

marvel movies upcoming in order: ART OF MARVEL STUDIOS: ROAD TO AVENGERS INFINITY WAR Various Authors, 2018-09-24 The Avengers have come a long way since they first assembled to fight off an alien invasion. The past five years have brought more and more challenges, and Earth's Mightiest Heroes have always risen to face them. But have they finally met their match in the intergalactic despot Thanos, who seeks to inflict his twisted will on all of reality? Just in time for the highly anticipated event, this keepsake volume celebrates the characters and concepts that will converge in April 2018, collecting art, interviews, and photography from films leading up to Marvel's Avengers: Infinity War.

marvel movies upcoming in order: A Complete History of American Comic Books Shirrel Rhoades, 2008 This book is an updated history of the American comic book by an industry insider. You'll follow the development of comics from the first appearance of the comic book format in the Platinum Age of the 1930s to the creation of the superhero genre in the Golden Age, to the current period, where comics flourish as graphic novels and blockbuster movies. Along the way you will meet the hustlers, hucksters, hacks, and visionaries who made the American comic book what it is today. It's an exciting journey, filled with mutants, changelings, atomized scientists, gamma-ray accidents, and supernaturally empowered heroes and villains who challenge the imagination and spark the secret identities lurking within us.

marvel movies upcoming in order: The Modern Superhero in Film and Television Jeffrey A. Brown, 2016-11-10 Hollywood's live-action superhero films currently dominate the worldwide box-office, with the characters enjoying more notoriety through their feature film and television depictions than they have ever before. This book argues that this immense popularity reveals deep cultural concerns about politics, gender, ethnicity, patriotism and consumerism after the events of 9/11. Superheroes have long been agents of hegemony, fighting for abstract ideals of justice while overall perpetuating the American status quo. Yet at the same time, the book explores how the genre has also been utilized to question and critique these dominant cultural assumptions.

marvel movies upcoming in order: Marvel's Greatest Assembled Nammy, 2022-08-13 Marvel's Greatest Assembled is a young author's take on all the movies and series he's watched in the Marvel Cinematic Universe (MCU) - his favourite franchise of superheroes. In this book, the author sets about reviewing the various productions from the MCU not just from the general audience's perspective but also according to his personal likes and distastes. The chapters in the book appear in order of the author's ranking of each of the titles from the MCU starting with his personal favourite. While drawing out the pros and cons of each of the movies and series, the author also provides a comparison and sets a background for the titles to be measured against. This book would serve as an incredible collectable for all Marvel fans while also putting out many points up for debate

marvel movies upcoming in order: Introduction to Ant-Man and the Wasp: Quantumania Gilad James, PhD, Ant-Man and the Wasp: Quantumania is the upcoming third installment in the Ant-Man film series and the twelfth film in the Marvel Cinematic Universe (MCU). Directed by Peyton Reed, the film is set to bring back Paul Rudd as the titular character, Scott Lang/Ant-Man, and Evangeline Lilly as his partner and love interest, Hope van Dyne/The Wasp. Joining them are Michael Douglas as Hank Pym and Michelle Pfeiffer as Janet van Dyne, who command the shrinking technology that forms the central aspect of the franchise. The plot of the movie is shrouded in secrecy, but it is assumed to explore the consequences of the characters' exposure to the subatomic realm known as the Quantum Realm, which featured heavily in the previous films and was also integral to the plot of Avengers: Endgame. The film promises to take the Ant-Man franchise in new directions and potentially introduce new characters and concepts that will have ramifications for the MCU as a whole. Quantumania is currently in production and is expected

to be released in 2023.

marvel movies upcoming in order: One Day at Disney Bruce C. Steele, 2020-02-11 One Day at Disney is an ambitious and bold global event that will showcase unique stories capturing a typical day of magic makers around the world. The project will feature authentic, unplanned moments and cast members that bring just as much joy and “magic” to our guests as our content and experiences do.

marvel movies upcoming in order: Introduction to List of American films of 2023 Gilad James, PhD, The List of American Films of 2023 is a comprehensive catalogue of all the movies that are expected to be released in 2023. The list is compiled every year and serves as a guide for movie enthusiasts, industry stakeholders, and the general public. It includes information on the release dates, production details, cast and crew, and the genres of the films. The movie industry in America is one of the biggest and most influential in the world. Each year, hundreds of movies are produced and released to a large audience both domestically and internationally. The List of American Films of 2023 provides a platform for the fans and the industry players to be up-to-date with the new releases, and also gives a glimpse of what to expect in the movie industry for that year. This list is a valuable resource for movie buffs who want to keep track of upcoming films, and for investors and stakeholders who want to know what’s in the pipeline.

marvel movies upcoming in order: Entertainment Science Thorsten Hennig-Thurau, Mark B. Houston, 2018-08-01 The entertainment industry has long been dominated by legendary screenwriter William Goldman’s “Nobody-Knows-Anything” mantra, which argues that success is the result of managerial intuition and instinct. This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage – the same recipe for success that is behind the rise of firms such as Netflix and Spotify, but has also fueled Disney’s recent success. Unlocking a large repertoire of scientific studies by business scholars and entertainment economists, the authors identify essential factors, mechanisms, and methods that help a new entertainment product succeed. The book thus offers a timely alternative to “Nobody-Knows” decision-making in the digital era: while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit, it systematically and substantially increases the probability of success in the entertainment industry. Entertainment Science is poised to inspire fresh new thinking among managers, students of entertainment, and scholars alike. Thorsten Hennig-Thurau and Mark B. Houston – two of our finest scholars in the area of entertainment marketing – have produced a definitive research-based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences. Morris B. Holbrook, W. T. Dillard Professor Emeritus of Marketing, Columbia University Entertainment Science is a must-read for everyone working in the entertainment industry today, where the impact of digital and the use of big data can’t be ignored anymore. Hennig-Thurau and Houston are the scientific frontrunners of knowledge that the industry urgently needs. Michael Kölmel, media entrepreneur and Honorary Professor of Media Economics at University of Leipzig Entertainment Science’s winning combination of creativity, theory, and data analytics offers managers in the creative industries and beyond a novel, compelling, and comprehensive approach to support their decision-making. This ground-breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars, managers, and artists. Allègre Hadida, Associate Professor in Strategy, University of Cambridge

marvel movies upcoming in order: Time the Marvel Universe The Editors of TIME, 2019-03-01 From the panels that birthed heroes including the Fantastic Four and Spider-Man to the billion-dollar modern box-office phenomena of the X-Men and the Avengers, Marvel has transcended beyond comic books and superheroes and now sits firmly in our collective consciousness. Now, in a new special edition from the editors of TIME, Earth’s mightiest heroes have assembled in celebration and triumph of one comic book company’s enduring legacy and the media empire it has spawned. This special edition covers the history of the superhuman powerhouse, a trip through the Marvel Cinematic Universe, the evolution of televised heroes, and the lasting impact of fictional

heroes becoming real-life icons. Additionally, we delve into the emotional connection that we form with these characters and why we worship them. We'll also take a look at the future of the Marvel Cinematic Universe and will test your knowledge of the MCU as well.

marvel movies upcoming in order: My Mental Revival Ryan O'Connell, 2024-11-13 As a survivor of mental and emotional abuse, Ryan believes that there is always a purpose in the pain. That is why he began writing My Mental Revival. As he processed through his healing, he felt strongly that God would use this for His glory. While his story of healing may not be fully complete as of yet, Ryan believes that God's goodness will follow those who genuinely seek Him, and the hopes of writing this book are that you too will experience your own mental revival.

marvel movies upcoming in order: Graphic Borders Frederick Luis Aldama, Christopher González, 2016-04-12 From the influential work of Los Bros Hernandez in Love & Rockets, to comic strips and political cartoons, to traditional superheroes made nontraditional by means of racial and sexual identity (e.g., Miles Morales/Spider-Man), comics have become a vibrant medium to express Latino identity and culture. Indeed, Latino fiction and nonfiction narratives are rapidly proliferating in graphic media as diverse and varied in form and content as is the whole of Latino culture today. Graphic Borders presents the most thorough exploration of comics by and about Latinos currently available. Thirteen essays and one interview by eminent and rising scholars of comics bring to life this exciting graphic genre that conveys the distinctive and wide-ranging experiences of Latinos in the United States. The contributors' exhilarating excavations delve into the following areas: comics created by Latinos that push the boundaries of generic conventions; Latino comic book author-artists who complicate issues of race and gender through their careful reconfigurations of the body; comic strips; Latino superheroes in mainstream comics; and the complex ways that Latino superheroes are created and consumed within larger popular cultural trends. Taken as a whole, the book unveils the resplendent riches of comics by and about Latinos and proves that there are no limits to the ways in which Latinos can be represented and imagined in the world of comics.

Build-A-Bear sales skyrocketed after Avengers: Endgame.

marvel movies upcoming in order: Comic Book Movies Blair Davis, 2018-06-25 Comic Book Movies explores how this genre serves as a source for modern-day myths, sometimes even incorporating ancient mythic figures like Thor and Wonder Woman's Amazons, while engaging with the questions that haunt a post-9/11 world: How do we define heroism and morality today? How far are we willing to go when fighting terror? How can we resist a dystopian state? Film scholar Blair Davis also considers how the genre's visual style is equally important as its weighty themes, and he

details how advances in digital effects have allowed filmmakers to incorporate elements of comic book art in innovative ways. As he reveals, comic book movies have inspired just as many innovations to Hollywood's business model, with film franchises and transmedia storytelling helping to ensure that the genre will continue its reign over popular culture for years to come.
