The Appeal of True Crime Podcasts

The allure of true crime podcasts is multifaceted, tapping into a deep-seated human fascination with mystery, morality, and the darker aspects of life. These audio dramas offer a unique blend of investigative journalism, storytelling, and psychological exploration. Listeners are drawn to the challenge of solving the puzzle alongside the hosts, trying to piece together clues and form their own conclusions. Furthermore, true crime podcasts often shed light on systemic issues within the justice system, bring attention to overlooked cases, and give a voice to victims and their families. The

personal, intimate nature of audio storytelling allows for a profound connection with the material, making these narratives resonate long after the episode ends. The accessibility and binge-worthy nature of podcast series also contribute significantly to their widespread appeal.

Defining "The Best": Criteria for Excellence

Determining what constitutes "the best" true crime podcast series is subjective, but several objective criteria consistently emerge among critically acclaimed and fan-favorite shows. Foremost is the depth and quality of research. A truly exceptional series goes beyond surface-level reporting, presenting meticulously gathered evidence, interviews with relevant individuals, and thorough contextualization of the events. Secondly, narrative structure and pacing are crucial; the story must be told in a way that builds suspense, maintains listener engagement, and logically unfolds complex information. The host's presentation style also plays a significant role, requiring a balance of professionalism, empathy, and an ability to convey complex emotions without sensationalism. Finally, production quality, including clear audio, effective sound design, and thoughtful editing, enhances the immersive experience and contributes to the overall impact of the series.

Examining the Top True Crime Podcast Series

The landscape of true crime podcasting is rich and diverse, with numerous series excelling in different areas. Identifying the "best" often depends on individual preferences for investigative depth, narrative style, or the specific types of cases covered. However, certain series have consistently been recognized for their exceptional quality, impact, and dedication to storytelling.

In-Depth Investigative Series

These podcasts are characterized by their deep dives into single cases over multiple episodes, often featuring original reporting and revisiting cold or complex investigations.

Serial

Often credited with popularizing the true crime podcast genre, "Serial" remains a benchmark for investigative audio storytelling. Its first season, focusing on the 1999 murder of Baltimore County high school student Hae Min Lee, meticulously re-examined the evidence and legal proceedings. Host Sarah Koenig's journalistic approach, coupled with compelling narrative unfolding, exposed potential flaws in the original investigation and conviction, sparking widespread public debate and even legal action. The series' success lies in its commitment to thorough research, its ability to present complex information in an accessible manner, and its willingness to grapple with ambiguity and doubt.

Up and Vanished

This investigative series, hosted by filmmaker Payne Lindsey, gained significant traction for its focus on the disappearance of Tara Grinstead, a Georgia beauty queen and teacher who vanished in 2005. Lindsey's approach involves traveling to the locations, interviewing key figures, and appealing to the public for tips. The podcast's success in generating new leads and ultimately contributing to a breakthrough in the case demonstrates the power of grassroots investigation facilitated by a popular audio platform. The series is known for its persistent pursuit of answers and its ability to engage a large community of armchair detectives.

Someone Knows Something

Hosted by investigative journalist David Ridgen, "Someone Knows Something" tackles cold cases with a deeply personal and empathetic approach. Each season focuses on a single, often highly complex, missing person or murder case. Ridgen works closely with the families of the victims, offering a humanistic perspective that distinguishes it from more detached investigative styles. The series is lauded for its meticulous documentation, its sensitive handling of grief and trauma, and its commitment to bringing closure to families who have long sought answers. The thoroughness of the investigations and the emotional depth of the storytelling make it a standout.

Unsolved Mysteries and Cold Cases

Many of the most compelling true crime narratives revolve around mysteries that remain unsolved, offering a potent blend of intrigue and frustration.

Crime Junkie

Hosted by Ashley Flowers and Brit Prawat, "Crime Junkie" has become one of the most popular true crime podcasts, known for its engaging and conversational style. While it covers a wide range of cases, including both solved and unsolved mysteries, its format often highlights cases that may not have received widespread attention. The hosts approach each story with a balance of respect for victims and an energetic curiosity that keeps listeners invested. Their detailed summaries and clear articulation of facts make complex cases easy to follow.

Casefile True Crime

"Casefile True Crime" is renowned for its incredibly detailed and well-researched episodes, often focusing on international crimes and lesser-known cases. The anonymous host's distinctive, calm, and measured narration lends a serious and respectful tone to the often disturbing subject matter. The podcast is celebrated for its comprehensive investigations, its commitment to presenting facts without sensationalism, and its consistent delivery of high-quality audio content. Each episode is a deep dive into the minutiae of a case, leaving no stone unturned.

The Vanished Podcast

Dedicated to giving a voice to the missing, "The Vanished Podcast" focuses on individuals whose disappearances remain unsolved. Host Marissa Nadler brings a compassionate and determined spirit to each episode, aiming to keep the cases in the public eye and generate new leads. The podcast's strength lies in its consistent focus on the victims and their families, humanizing the statistics of missing persons. The research is thorough, and the presentation is respectful, making it an essential listen for anyone interested in cold cases.

Historical True Crime Narratives

Some podcasts delve into the past, re-examining notorious historical crimes with modern perspective and investigative techniques.

My Favorite Murder

While "My Favorite Murder" also covers contemporary cases, its unique charm lies in its blend of true crime storytelling with humor and personal anecdotes. Hosts Karen Kilgariff and Georgia Hardstark approach each episode with a mix of horror and levity, discussing murders, disappearances, and paranormal events. Their "stay sexy and don't get murdered" mantra has

resonated with a massive fanbase, creating a community around the podcast. The series is known for its relatable hosts, its deep dives into historical crimes, and its ability to make a heavy topic digestible.

The Dollop

"The Dollop" is an improvisational comedy podcast that often tackles historical events, including numerous true crime stories. Host Dave Anthony researches a particular historical topic or figure, and then comedian Gareth Reynolds improvises his reactions and commentary based on Anthony's notes. This unique format allows for a humorous yet often surprisingly insightful exploration of often grim historical events. When focusing on true crime, the blend of comedy and genuine historical detail can offer a fresh and often shocking perspective on past transgressions.

Focus on Specific Types of Crime

Certain podcast series gain recognition for their specialized focus, whether it's serial offenders, cults, or crimes within specific communities.

Dirty John

"Dirty John" gained immense popularity for its gripping narrative about John Meehan, a charismatic con artist and manipulator who deceived a wealthy Orange County businesswoman. Hosted by Los Angeles Times reporter Christopher Goffard, the podcast meticulously unravels Meehan's complex history of fraud, abuse, and violence. Its success lies in its superb storytelling, its suspenseful pacing, and its exploration of psychological manipulation and domestic abuse. The series became a cultural phenomenon, leading to a television adaptation.

Bear Brook

This investigative series from New Hampshire Public Radio dives into the decades-old mystery of four unidentified bodies found in barrels in Bear Brook State Park. The podcast uses cutting-edge forensic genealogy to try and identify the victims and their killer, highlighting the advancements in DNA technology and its application in solving cold cases. "Bear Brook" is praised for its rigorous scientific approach, its patient unfolding of complex investigative processes, and its empathetic portrayal of the search for identity for the unknown victims.

Elements of a Compelling True Crime Podcast

A truly outstanding true crime podcast series is more than just a recitation of facts; it's a masterclass in storytelling, research, and presentation. Several key elements contribute to its ability to captivate and inform its audience.

Narrative Structure and Pacing

The way a story is told is paramount. The best true crime podcasts employ sophisticated narrative structures, often using a chronological approach for individual cases or weaving together different timelines to build suspense and reveal information strategically. Pacing is also critical; episodes should feel neither rushed nor sluggish, allowing listeners time to absorb the details and connect with the emotional weight of the events. Cliffhangers, reveals, and moments of reflection are expertly employed to maintain engagement across an entire series.

Investigative Rigor and Accuracy

At the core of any credible true crime podcast is meticulous research and an unwavering commitment to accuracy. This means verifying facts, cross-referencing information, and presenting a balanced view of the evidence. Excellent series avoid speculation presented as fact and clearly distinguish between established evidence and theories. The willingness of hosts to admit when information is uncertain or to revisit conclusions based on new findings adds to their trustworthiness.

Host's Voice and Empathy

The host is the listener's guide through the often-dark terrain of true crime. A compelling host possesses a voice that is both authoritative and empathetic. They must be able to convey the gravity of the crimes without resorting to sensationalism or exploitation. A genuine respect for victims and their families, coupled with a sharp, inquisitive mind, creates a narrative that is both informative and emotionally resonant. The host's personality and interviewing skills are crucial in eliciting sensitive information and presenting it thoughtfully.

Sound Design and Production Quality

While content is king, the technical execution of a podcast can significantly enhance its impact. High-quality audio, clear voice recordings, and thoughtful sound design contribute to an immersive listening experience. The use of music, ambient sounds, and carefully placed silences can evoke atmosphere, build tension, and underscore emotional moments. Professional production values signal a commitment to quality and elevate the storytelling beyond mere spoken word.

The Future of True Crime Podcasting

The enduring popularity of true crime podcasts suggests a bright future for the genre. As technology advances, we can expect even more innovative approaches to storytelling and investigation. The integration of interactive elements, augmented reality experiences, and a greater focus on restorative justice are potential avenues for growth. Furthermore, as ethical considerations in true crime reporting become increasingly prominent, future podcasts may place an even greater emphasis on victim advocacy, informed consent, and the responsible portrayal of sensitive subject matter. The genre's ability to foster public discourse on justice, societal issues, and the complexities of human behavior ensures its continued relevance and evolution.

FAQ: The Best True Crime Podcast Series

Q: What makes a true crime podcast series truly stand out from the rest?

A: A standout true crime podcast series is characterized by meticulous investigative rigor, compelling narrative storytelling with excellent pacing, a deeply empathetic and trustworthy host, and high-quality production values. It goes beyond simply recounting facts to explore the "why" and "how" of a crime, often with original reporting and a commitment to accuracy and ethical considerations.

Q: Are there specific true crime podcast series recommended for beginners?

A: For beginners, series like "Serial" (Season 1) or "Crime Junkie" are often recommended. "Serial" offers a masterclass in long-form investigative journalism that is accessible and deeply engaging.

"Crime Junkie" provides a more conversational and varied approach, covering a broad range of cases that are easy to digest.

Q: How do true crime podcasts balance respecting victims with telling compelling stories?

A: The best true crime podcasts prioritize respecting victims by conducting thorough research, avoiding gratuitous details, and focusing on the human impact of the crime. They often seek to give a voice to victims and their families, highlight ongoing efforts for justice, and present information in a way that is informative rather than exploitative. Ethical reporting and a compassionate tone are key differentiators.

Q: What are some of the most popular subgenres within true crime podcasting?

A: Popular subgenres include unsolved mysteries and cold cases, serial killer documentaries, historical true crime, investigations into specific types of crime (like cults or white-collar crime), and those focusing on wrongful convictions or miscarriages of justice. Each subgenre appeals to different aspects of listeners' curiosity.

Q: Can true crime podcasts actually help solve cases?

A: Yes, several true crime podcasts have played a role in bringing attention to overlooked cases, generating new leads, and even contributing to arrests or convictions. The large and engaged audience of popular podcasts can provide crucial tips or information that law enforcement may not have otherwise received.

Q: How important is the host's personality in a true crime podcast series?

A: The host's personality is incredibly important. A relatable, empathetic, and intelligent host acts as the listener's guide, fostering trust and making the complex subject matter more accessible. Their ability to ask pertinent questions, convey emotion appropriately, and maintain a balance between curiosity and respect is vital for the podcast's success.

Q: Are there true crime podcasts that focus on systemic issues rather than individual crimes?

A: Absolutely. Some series delve into broader themes such as flaws in the justice system, police misconduct, racial disparities in law enforcement, or the societal factors that may contribute to crime. These podcasts use individual cases as a lens to examine larger, systemic problems.

Q: What ethical considerations should listeners keep in mind when enjoying true crime podcasts?

A: Listeners should be mindful that these are real people and real tragedies. It's important to approach the content with respect for victims and their families, avoid sensationalizing or trivializing the events, and consider the potential impact of the podcast on those affected. Critically evaluating the information presented and understanding that not all podcast narratives are perfectly objective is also advisable.

the best true crime podcast series: The Lamb Tom O'Brennan, 2022-11-24 Listen once, think twice. Four years ago, Ben Collins' true crime podcast 'The Lamb', detailing the disappearance of a young girl from his hometown, became a big hit. But when his prime suspect killed himself, a devastated Ben swapped London for the sleepy town of Southfields. Years later, his mundane existence is shaken when a local boy is murdered. As Southfields gets swept into a frenzied search for answers, he finds it hard to resist getting involved. Can he trust himself not to repeat the same mistakes and catch a cold-blooded killer?

the best true crime podcast series: Women in True Crime Media Jen Erdman, 2022-11-11 While many people think true crime is a new phenomenon, Americans have been obsessed with the genre for over a century, and popular culture continuously tries to cash in. The names of infamous serial killers are well-known, but the identities of their often-female victims are frequently lost to history. This text flips the script and focuses on the women to keep their identities known and remembered. This is the first book to examine how popular culture has mistreated women as both perpetrators and victims of crime, covering a hundred-year span from 1920 to 2020. Detailed is popular culture's interest in true crime and how women in true crime documentation have largely been sexualized and victim-blamed over the decades.

the best true crime podcast series: Podcast in the future of journalism Marta Perrotta, 2025-05-28 Podcasts in the Future of Journalism offre un'analisi critica di come il podcasting stia rimodellando il giornalismo, la narrazione e il coinvolgimento del pubblico nell'era digitale. Questo libro esamina l'ascesa dei podcast investigativi e narrativi, il loro fascino per il pubblico più giovane e le sfide etiche e produttive che devono affrontare, comprese le opportunità offerte dalle coproduzioni internazionali. In undici capitoli, la raccolta mette in evidenza il ruolo trasformativo del podcasting nei mezzi di informazione, dai consigli basati sull'intelligenza artificiale alle disparità del mercato globale. Approfondisce le abitudini di ascolto, i modelli dei media e le interazioni con il pubblico, sottolineando la necessità di trasparenza, inclusività e adattabilità. Attraverso casi di studio in tutta Europa, i contributori illustrano come il giornalismo si stia evolvendo per abbracciare nuovi formati mantenendo credibilità e fiducia, il tutto mentre si affrontano complessità etiche. Fondendo reportage fattuali con una narrazione avvincente, i podcast stanno ridefinendo il giornalismo per un pubblico sempre più digitale e partecipativo. DOI: 10.13134/979-12-5977-470-5

the best true crime podcast series: *The Best True Crime Stories of the Year 2025* Douglas Preston, 2025-10-14 Bestselling author Douglas Preston selects the best true crime writing from the past year, aided by series editor Pete Crooks, to produce an eclectic collection of intriguing, mysterious, and exciting true tales. This inaugural edition of what will be a yearly collection offers a fascinating variety of essays and crime reporting, taken from regional, national, and international publications. The stories range from reports of homicide at a Toronto massage parlor to blackmail and murder-for-hire in Austin, Texas to an unusual murder weapon in rural Minnesota. Other stories examine controversial rehabilitation techniques for sexual criminals and explore the phenomenon of victims' relatives appearing as guests at true crime conventions. A must-read for anyone interested in true crime, *The Best True Crime Stories of the Year 2025* takes the pulse of this increasingly popular genre.

the best true crime podcast series: *The Routledge Companion to Gender, Media and Violence* Karen Boyle, Susan Berridge, 2023-08-25 With the heated discussion around #MeToo, journalistic reporting on domestic abuse, and the popularity of true crime documentaries, gendered media discourse around violence and harassment has never been more prominent. *The Routledge Companion to Gender, Media and Violence* is an outstanding reference source to the key topics, problems and debates in this important subject and is the first collection on media and violence to take a gendered, intersectional approach. Comprising over 50 chapters by a team of interdisciplinary and international contributors, the book is structured around the following parts: News Representing reality Gender-based violence online Feminist responses The media examples examined range from Australia to Zimbabwe and span print and online news, documentary film and television, podcasts, pornography, memoir, comedy, memes, influencer videos, and digital feminist protest. Types of violence considered include domestic abuse, honour-based violence, sexual violence and harassment, female genital mutilation/cutting, child sexual abuse, transphobic violence, and the aftermath of conflict. Good practice is considered in relation to both responsible news reporting and pedagogy. *The Routledge Companion to Gender, Media and Violence* is essential reading for students and researchers in Gender Studies, Media Studies, Sociology, and Criminology. Chapter 30 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non-Commercial (CC-BY-NC) 4.0 license.

the best true crime podcast series: *The Ex-Girlfriend Murder Club* Gloria Chao, 2025-06-24 In this laugh-out-loud murder mystery, three women dating the same man band together to get revenge, but when they discover his body, they'll need to solve his murder before they go down for it. The body in the closet was going to be a problem. Kathryn Hu knew it. Yes, Tucker Jones was a cheating scumbag, and yes, she'd agreed to meet Olivia and Elle—Tucker's other girlfriends—to exact revenge for all he'd put them through... But then they found him. Dead. Do they look guilty? Yes. Do they feel guilty for having wished him dead just hours before? Maybe a little. But—solid motive and a crime scene covered in their DNA aside—they're innocent. They swear. To clear their names, Kat, Olivia, and Elle team up to find the real killer. But as they go undercover and lie to everyone, including the hot detective working the case, they realize that every person in their ex's life had a reason to want him dead. Will they uncover the truth before they go down for a murder they didn't commit? Filled with humor and shenanigans, *The Ex-Girlfriend Murder Club* is a romp of an adventure by award-winning author Gloria Chao, perfect for fans of *Dial A for Aunties*, *Finlay Donovan Is Killing It* and *John Tucker Must Die*. What you can expect in *THE EX-GIRLFRIEND MURDER CLUB*: Cozy Murder Mystery Full of Shenanigans Over-the-top Humor Amateur Sleuths Unlikely Female Friendships John Tucker Must Die meets *Dial A for Aunties*

the best true crime podcast series: *Women Who Murder* Mitzi Szereto, 2024-03-12 Female Serial Killers Through Time From historical accounts to modern cases, explore the captivating psychology behind these killer women, unraveling their motives and unveiling the dark complexities of human behavior. The fair sex. We've often heard this clichéd expression being used to refer to women. Although it has become increasingly outdated, the mindset still exists that women are the

gentle and nurturing sex. When it comes to murder, that notion gets turned on its head. And this isn't a recent phenomenon; we can find plenty of female killers going back in history. In fact, some of the world's most notorious serial killers have been women. These female killers give their male counterparts a run for their money, and deserve to be counted among the most famous serial killers. Unearth the disturbing histories of notorious women. From the chilling accounts of infamous black widow murders to the spine-tingling narratives of women who shocked the world with their sinister deeds, this anthology delves deep into the minds of these deadly women. Spanning eras and continents, these tales of true crime offer a chilling exploration of the darkest corners of human nature. Inside: Discover lesser-known cases of female killers that challenge conventional narratives and shed light on the often-overlooked stories of women who defied societal norms and perpetrated gruesome crimes. Enjoy a diverse selection of true crime tales that spotlight the narratives of female serial killers from various historical periods. Explore the international spectrum of female murderers and uncover how factors such as culture, upbringing, and personal experiences contribute to the making of these deadly women. If you liked books such as *Lady Killers*, *The Big Book of Serial Killers*, or *The Best New True Crime Stories*, you'll love *Women Who Murder*.

the best true crime podcast series: Podcast Journalism David Dowling, 2024-03-19
Runner-up, 2025 Tankard Book Award, Association for Education in Journalism and Mass Communication Podcasting's stratospheric rise has inspired a new breed of audio reporting. Offering immersive storytelling for a binge-listening audience as well as reaching previously underserved communities, podcasts have become journalism's most rapidly growing digital genre, buoying a beleaguered news industry. Yet many concerns have been raised about this new medium, such as the potential for disinformation, the influence of sponsors on content, the dominance of a few publishers and platforms, and at-times questionable adherence to journalistic principles. David O. Dowling critically examines how podcasting and its evolving conventions are transforming reporting—and even reshaping journalism's core functions and identity. He considers podcast reporting's most influential achievements as well as its most consequential ethical and journalistic shortcomings, emphasizing the reciprocal influences between podcasting and traditional and digital journalism. Podcasting, both as a medium and a business, has benefited from the blurring of boundaries separating news from entertainment, editorial from advertising, and neutrality from subjectivity. The same qualities and forces that have allowed podcasting to bypass the limitations of traditional categories, expand the space of social and political discourse, and provide openings for marginalized voices have also permitted corporations to extend their reach and far-right firebrands to increase their influence. Equally attentive to the medium's strengths and flaws, this is a vital book for all readers interested in how podcasting has changed journalism.

the best true crime podcast series: *Dangerous Fictions* Lyta Gold, 2024-10-29 Honorable Mention for the Pop Culture Association Awards In a political moment when social panics over literature are at their peak, *Dangerous Fictions* is a mind-expanding treatise on the nature of fictional stories as cultural battlegrounds for power. Fictional stories have long held an uncanny power over hearts and minds, especially those of young people. In *Dangerous Fictions*, Lyta Gold traces arguments both historical and contemporary that have labeled fiction as dark, immoral, frightening, or poisonous. Within each she asks: How "dangerous" is fiction, really? And what about it provokes waves of moral panic and even censorship? Gold argues that any panic about art is largely a disguised panic about power. There have been versions of these same fights over fiction for centuries. By exposing fiction as a social danger and a battleground of immediate public concern, we can see what each side really wants—the right to shape the future of a world deeply in flux and a distraction from more pressing material concerns about money, access, and the hard work of politics. From novels about people driven insane by reading novels to "copaganda" TV shows that influence how viewers regard the police, Gold uses her signature wit, research, and fearless commentary to point readers toward a more substantial question: Fiction may be dangerous to us, but aren't we also dangerous to it?

the best true crime podcast series: *True Crime* Ian Cummins, Martin King, Louise Wattis,

2025-10-21 True crime is a huge cultural industry: media organisations use crime stories to push sales and clicks. Yet behind this phenomenon lies the real-life victims and a disconnect between the representation of violent crime and its reality. This book is a go-to guide for students and researchers in understanding the development of this phenomenon and its social and cultural impacts. Through case studies including Lucy Letby, the Yorkshire Ripper and Fred and Rosemary West, the book considers true crime's ethical implications and its wider influence on crime and punishment.

the best true crime podcast series: Critiquing Violent Crime in the Media Maria Mellins, Sarah Moore, 2022-01-01 This book explores the recent surge in true crime by critically exploring how murder and violence are represented in documentaries, films, podcasts, museums, novels and in the press, and the effects. From a range of contributors, it touches on a wide variety of topics overall and illustrates how examining true crime across the changing popular media landscape can contribute to important debates in contemporary culture and society. It encourages a critical eye towards understanding the harmful stereotypes, myths and misinformation that popular media can bring. Arranged into four sections, including: true crime trials, representations of victims, the consumption of serial killer narratives, and true crime spaces, each chapter explores different themes and topics across traditional and newer media. These topics include: emotion and appeals for justice in *Making a Murderer*, #MeToo and misogyny in crime narratives, true crime journalism being exploitative, the ethics of consuming dark tourism and the appetite for true crime, live streamed murder, and the ways in which true murder accounts might lend insight into other types of crime such as domestic violence and stalking. This book stimulates discussion on undergraduate courses in crime, media and culture as well as in film and media studies, and it also speaks to those with a general interest in true crime.

the best true crime podcast series: *The Diamond Murder* Tracy Diane, 2025-06-26 Murder, Minerals, and Mystery... Geologist Penelope Lake is about to debut the biggest discovery of her career—a dazzling new mineral—at a high-profile gala hosted by the Sierra Springs Natural History Museum. But her excitement turns to horror when her friend Tessa, owner of the town's charming candle shop, is found murdered on opening day of the Spring Festival. Everyone in town has been raving about Tessa's new Amethyst Falls diamond-infused candles—the festival's latest show-stopper. But when the sparkling display turns into a crime scene, Penelope finds herself pulled into an investigation that hits dangerously close to home. With the town's two newest detectives questioning her mother as their prime suspect—detectives who happen to complicate Penelope's love life in very different ways—and a mysterious black SUV following her around town, the stakes couldn't be higher. Armed with her scientific mind and her trusty husky puppy Jasper at her side, Penelope must put her analytical skills to the ultimate test. Can she solve the puzzle of Tessa's murder before the killer strikes again? Or will her debut as an amateur sleuth also be her finale? *The Diamond Murder* is the first book in the charming Penelope Lake Mystery series, perfect for fans of small-town secrets, smart women sleuths, and a touch of sparkle with their suspense.

the best true crime podcast series: *The Codebook Murders* Leslie Nagel, 2019-05-21 Amateur sleuth Charley Carpenter discovers a coded journal that could crack her small town's most infamous cold case wide open in this charming cozy mystery from the USA Today bestselling author of *The Book Club Murders*. As the owner of Old Hat Vintage Fashions, Charley Carpenter supplies retro apparel to the residents of Oakwood, Ohio, but she's been known to set business aside to play detective when a mystery rears its head. And there's no bigger mystery in Oakwood than the murder of Regan Fletcher—a case that's haunted the town for decades. Regan's boyfriend, Carter, did time for the crime—until another man's confession freed him. But did the “real killer” really do it? Or did Carter walk away with blood on his hands? When Charley stumbles on an old journal written in code, it only complicates the case by revealing a blackmail scheme that targeted dozens of Oakwood's citizens, giving them all a motive for murder. Now, with a spate of new suspects to pursue, plus a fresh murder and the abduction of her sleuthing partner, Charley must dig deeper still into the past—even as she risks being buried by her shadowy prey. Joining forces with Detective Marcus

Trenault and the newly formed Oakwood Mystery Book Club, Charley turns to a classic whodunit for clues on catching a killer—before more lives are lost, and the truth dies with them. Leslie Nagel's delightful Oakwood Mystery novels can be enjoyed together or separately: THE BOOK CLUB MURDERS • THE ANTIQUE HOUSE MURDERS • THE ADVICE COLUMN MURDERS • THE CODEBOOK MURDERS

the best true crime podcast series: *Listen for the Lie* Amy Tintera, 2024-03-05 A New York Times Bestseller * A Good Morning America Book Club Pick * An NPR Best Book of the Year * A Washington Post Best Thriller of 2024 A world-class whodunit. —Stephen King “An extremely successful high-wire act, balancing between dark comedy and darker thrills.” —Alex Michaelides, #1 New York Times bestselling author “Laugh-out-loud funny, thrilling and twisty...” —Liane Moriarty, #1 New York Times bestselling author What if you thought you murdered your best friend? And if everyone else thought so too? And what if the truth doesn't matter? After Lucy is found wandering the streets, covered in her best friend Savvy's blood, everyone thinks she is a murderer. Lucy and Savvy were the golden girls of their small Texas town: pretty, smart, and enviable. Lucy married a dream guy with a big ring and an even bigger new home. Savvy was the social butterfly loved by all, and if you believe the rumors, especially popular with the men in town. It's been years since that horrible night, a night Lucy can't remember anything about, and she has since moved to LA and started a new life. But now the phenomenally huge hit true crime podcast *Listen for the Lie*, and its too-good looking host Ben Owens, have decided to investigate Savvy's murder for the show's second season. Lucy is forced to return to the place she vowed never to set foot in again to solve her friend's murder, even if she is the one that did it. The truth is out there, if we just listen.

the best true crime podcast series: *Missing Pieces* Nicole Edwards, 2025-08-19 Brantley Walker and Reese Tavoularis are plunging headfirst into the satisfying chaos of married life. Although their preference would be to sit on a beach enjoying umbrella drinks for a week, the honeymoon will have to wait. With Jessica James treating her hospital stay like an all-inclusive spa getaway—complete with bed rest and boredom—Brantley, Reese, Baz, and the rest of the team are bracing themselves for the inevitable twists and turns ahead. Meanwhile, Atticus James shares not only the same last name with JJ but also the irritation that comes with monotony. He's spending his days sifting through partner applications, waiting for the day he'll see some of the action. Just when he thinks his excitement levels have hit rock bottom, Brantley hands him his first case assignment. Only he's not sure he wants it once he learns what it is. But if suffering is the name of the game, he can think of no better partner in misery and mayhem than Slade Elliott. While Atticus and Slade are busy with their detective shenanigans, the rest of the team isn't just tuning in to their favorite podcast; they're about to dive headfirst into a live episode of *Havoc Your Way* when the podcast's host stops by. But Simon Jennings isn't there to sign autographs. He's dropping in with a case that veers dangerously close to home, blending the bizarre with the familiar, as he seeks their expertise to untangle a web that's both outside their skill set and uncomfortably personal.

the best true crime podcast series: *No New Things* Ashlee Piper, 2025-04-15 From award-winning sustainability expert Ashlee Piper, a witty, no-nonsense guide to regaining control over your time, consumerist impulses, and financial and mental wellness For nearly two years, Ashlee Piper challenged herself to buy nothing new. And in the process, she got out of debt, cut clutter, crushed her goals, and became healthier and happier than ever—all the things she'd always

wanted to do but “never had time to” (because she was mindlessly scrolling, shopping, spending, and stressing). After a decade of fine-tuning, *No New Things* guides readers through the same revolutionarily simple challenge that has helped thousands of global participants find freedom and fulfillment in just thirty days. The book follows the rise of what Piper calls “conditioned consumerism” and how it sneakily hijacks our time, money, and mental bandwidth, as well as harms the planet. From there, readers follow customizable daily action items that bring about the ease and richness of a life less bogged down by spending and stuff, without compromising on style, convenience, or fun. Whether you’re a bona fide shopaholic or someone who just wants to buy less and live more, *No New Things* is the antidote to modern overwhelm.

the best true crime podcast series: *The Routledge Handbook of Digital Sport Management* Michael L. Naraine, Ted Hayduk III, Jason P. Doyle, 2022-12-01 *The Routledge Handbook of Digital Sport Management* provides students, researchers, and practitioners with a contemporary roadmap of the impact of digital technologies in sport management, at all levels and in all sectors, in a global context. Divided into three sections addressing digital transformations, digital tools, and emerging digital issues, this book explores the impact of digital technology in the core functional areas of sport management, such as sponsorship, event management, and human resources. It introduces essential digital innovations such as esports, social media, VR, wearables, analytics, and artificial intelligence, and examines the debates and issues that are likely to shape and transform sport business over the next decade. The only book to survey the full sweep of digital sport management, this book is an essential reference for all serious students of sport business and management, any researcher working in the nexus of sport business and digital, and all managers, policy-makers or associated professionals working in the sport industry.

the best true crime podcast series: *Cedar Point* Shaun McGregor, 2024-10-31 *Cedar Point*, a small, quiet town nestled in the thick, lush forest outside of Portland, Oregon, hides a long-kept secret. On the morning of Halloween 1977, the lifeless body of 16-year-old Lisa Fields was found brutally butchered; her naked body posed at the local Playground in a horrific display of evil. Her killer was never identified. Sadie Koop, the smart and feisty host of the *Growing Cold Podcast*, is investigating and reporting on the unsolved murder when her podcast rival, Jillian Playmore from New York, shows up to try to steal her story. Desperate for help, she reached out to Nathan Taylor, a Private Investigator who is content catching cheaters and living off the grid. Before they know it, they find themselves wrapped up in the middle of an almost 50-year-old murder case that will kill anyone to stay cold.
