Ironheart

Wonder Man

Marvel Zombies

X-Men '97 Season 2

Other Potential Marvel Series

Upcoming Marvel Series on Disney+

The landscape of superhero storytelling has been dramatically reshaped by the advent of Disney+'s original Marvel series. These shows are not mere supplements to the blockbuster films but integral components, weaving complex narratives that expand character backstories, introduce new threats, and significantly influence the direction of the MCU. Fans can anticipate a diverse range of stories, from the continuation of established storylines to the introduction of characters making their live-action debut. The commitment to quality, character development, and faithfulness to the source material has made these series must-watch events for any Marvel enthusiast.

The strategy of releasing serialized content allows Marvel Studios to explore themes and character arcs with a depth that is often challenging within the confines of a feature film. This approach has proven highly successful, fostering a dedicated fanbase eager for each new installment and discussion about the intricate connections between different projects. The upcoming slate promises to continue this tradition, offering something for every type of Marvel fan, whether they are drawn to cosmic sagas, grounded street-level dramas, or reality-bending thrillers.

Agatha: Darkhold Diaries

Following her memorable turn in WandaVision, Kathryn Hahn is set to reprise her role as the formidable witch Agatha Harkness in her own Disney+ series, titled Agatha: Darkhold Diaries. This series is expected to delve deeper into Agatha's magical origins, her complex history with other magic-users in the Marvel universe, and the consequences of her actions in the previous series. Fans are eager to learn more about her motivations, her powers, and her potential alliances and rivalries.

within the magical realm of the MCU.

The series promises a darker, more mystical tone, exploring themes of witchcraft, ancient curses, and the inherent dangers of unchecked magical power. It's also a crucial opportunity to expand the magical side of the MCU, potentially introducing new magical characters and lore that could play a significant role in future storylines. The title itself, referencing the powerful and dangerous Darkhold, hints at the perilous journey Agatha is about to embark upon.

Daredevil: Born Again

The Man Without Fear is making a triumphant return to live-action in *Daredevil: Born Again*. This highly anticipated series will feature Charlie Cox back in the iconic red suit, continuing his story after the events of *Spider-Man: No Way Home* and *She-Hulk: Attorney at Law*. The series is expected to be a reboot of sorts, exploring Matt Murdock's struggles to balance his life as a lawyer and a vigilante in Hell's Kitchen, while facing formidable adversaries and confronting his own inner demons.

Fans are particularly excited about the potential to see more of Kingpin, played by Vincent D'Onofrio, who is confirmed to return. The dynamic between Daredevil and Kingpin is a cornerstone of the character's mythology, and *Born Again* has the opportunity to explore this rivalry in greater depth. The series also promises to reintroduce other familiar characters from the Netflix era, offering a grounded and gritty take on street-level crime and heroism within the broader MCU.

Ironheart

Riri Williams, the brilliant young genius who builds a suit of armor rivaling Tony Stark's, is set to headline her own series, *Ironheart*. Dominique Thorne portrays Riri, who first appeared in *Black Panther: Wakanda Forever*. The series will likely focus on Riri's journey as she steps into the role of a superhero, grappling with the immense responsibility that comes with her advanced technology and the legacy of Iron Man.

Key themes are expected to include innovation, the ethical implications of advanced technology, and the challenges of being a young hero in a world that is constantly evolving. The series has the potential to introduce new villains and allies, further expanding the technological and scientific aspects of the MCU. Riri's unique perspective and ingenuity are poised to offer a fresh and inspiring addition to the pantheon of Marvel heroes.

Wonder Man

The eccentric and often overlooked hero Simon Williams, also known as Wonder Man, is finally getting his own Disney+ series. Yahya Abdul-Mateen II is set to star as the titular character. Wonder Man possesses superhuman strength, durability, and the ability to manipulate ionic energy, making him a formidable force. The series is expected to explore his complicated past as a Hollywood actor and his complex relationship with the Avengers.

The tone of the Wonder Man series is hinted to be somewhat lighter and more satirical, playing into Simon's Hollywood background and his often self-absorbed nature. This presents an opportunity for a unique narrative voice within the MCU, perhaps offering a meta-commentary on superhero tropes. It will be interesting to see how his powers and personality are adapted for the screen and which established MCU characters might make an appearance to interact with him.

Marvel Zombies

Diving into the darker, more gruesome corners of the MCU, Marvel Zombies is an animated series that expands on the popular episode of What If...? that introduced a zombified Marvel universe. This series will feature a group of surviving heroes battling a relentless zombie plague that has consumed most of the world's population. The premise allows for creative and often brutal reinterpretations of familiar characters.

Fans can expect high-stakes action, a grim yet thrilling narrative, and the unique visual style of animation. The series offers the freedom to explore mature themes and intense scenarios without the constraints of live-action, making it a perfect vehicle for the zombie apocalypse genre. It's an exciting opportunity to see how different heroes and villains would cope and fight for survival in such a catastrophic event.

X-Men '97 Season 2

Building on the incredible success and critical acclaim of its first season, X-Men '97 is confirmed to be returning for a second season. This animated series serves as a direct continuation of the beloved X-Men: The Animated Series from the 1990s, picking up where the original left off. The show has been praised for its faithful adaptation of classic X-Men storylines, its character development, and its mature themes.

Season 2 is expected to continue exploring the ongoing adventures of Professor X's mutant team, tackling new threats and delving deeper into the personal lives of iconic characters like Magneto, Storm, Wolverine, and Jean Grey. The series has already proven its ability to surprise and engage audiences with its bold storytelling, and fans are eagerly anticipating what new challenges and revelations await the X-Men in their next chapter.

Other Potential Marvel Series

Beyond the announced and confirmed series, the rumor mill and speculation surrounding future Marvel projects on Disney+ continue to churn. Marvel Studios has a vast library of characters and storylines that are ripe for adaptation. Potential series could explore the origins of other cosmic entities, delve into the espionage world with characters like Nick Fury or the agents of S.W.O.R.D., or even introduce new teams and heroes from the comics.

The success of the current slate indicates that Disney+ will remain a crucial platform for the MCU's expansion. This allows for a more intimate exploration of the multiverse and the intricate web of connections that define Marvel's interconnected universe. The future promises more of the

innovative storytelling and character-driven narratives that have become synonymous with Marvel Studios.

Q: When is Agatha: Darkhold Diaries expected to be released?

A: Agatha: Darkhold Diaries is slated for release in late 2024.

Q: Will all the original Daredevil cast members return for Daredevil: Born Again?

A: While Charlie Cox as Daredevil and Vincent D'Onofrio as Kingpin are confirmed, official announcements regarding the return of all original cast members are still pending, though many are expected.

Q: What is the core premise of the Ironheart series?

A: The Ironheart series follows Riri Williams, a young genius inventor, as she develops and dons her own advanced suit of armor, taking on the mantle of a superhero and facing new challenges.

Q: Is Wonder Man a comedic series or a serious drama?

A: The Wonder Man series is expected to blend elements of both, with a tone that leans towards satire and humor due to Simon Williams' Hollywood background, while still engaging with superhero action and drama.

Q: Will Marvel Zombies be a continuation of the What If...? episode?

A: Yes, Marvel Zombies is an animated series that expands upon the universe and premise first introduced in the "What If...?" episode featuring a zombie apocalypse.

Q: How closely will X-Men '97 Season 2 follow the original 90s cartoon?

A: X-Men '97 Season 2 is designed as a direct continuation of X-Men: The Animated Series, aiming to maintain its tone, character arcs, and storytelling style while introducing new elements and addressing unresolved plot points.

Q: Are there any confirmed release dates for all the new Marvel series?

A: While some series have target release windows, official confirmed release dates for all upcoming Marvel series are still being announced by Marvel Studios and Disney+.

Q: Can fans expect more animated Marvel series in the future?

A: Given the positive reception of series like What If...? and Marvel Zombies, it is highly probable that Marvel Studios will continue to explore animated formats for future projects.

what are the new marvel series coming out: **All of the Marvels** Douglas Wolk, 2023-10-03 Winner of the 2022 Eisner Award for Best Comics-Related Book A New York Times Book Review

Editor's Choice The first-ever full reckoning with Marvel Comics' interconnected, half-million-page story, a revelatory guide to the "epic of epics"—and to the past sixty years of American culture—from a beloved authority on the subject who read all 27,000+ Marvel superhero comics and lived to tell the tale "Thorough, fascinating, and joyfully executed, *All of the Marvels* is essential reading for fans and scholars alike." —G. Willow Wilson (Ms. Marvel) "A revelation, a tour both electrifying in its weird charisma and replenishing in its loving specificity . . . a testament, and a tribute." —Jonathan Lethem "Brilliant, eccentric, moving and wholly wonderful. . . . Wolk proves to be the perfect guide for this type of adventure: nimble, learned, funny and sincere. . . . All of the Marvels is magnificently marvelous. Wolk's work will invite many more alliterative superlatives. It deserves them all." —Junot Díaz, *New York Times Book Review* The superhero comic books that Marvel Comics has published since 1961 are the longest continuous, self-contained work of fiction ever created. Thousands of writers and artists have contributed to it. Everyone recognizes its protagonists. Eighteen of the hundred highest-grossing movies of all time are based on parts of it. And Douglas Wolk has read the whole thing. Wolk sees both into the ever-expanding story and through it, as a prism through which to view the landscape of American culture. In his hands, the mammoth Marvel narrative becomes a fun-house-mirror history of the past sixty years—a boisterous, tragicomic, magnificently filigreed epic about power and ethics, set in a world transformed by wonders. A huge treat for Marvel fans, this book is also a revelation for readers who don't know Doctor Strange from Doctor Doom. Here, truly, are all of the marvels.

what are the new marvel series coming out: *Time the Marvel Universe* The Editors of TIME, 2019-03-01 From the panels that birthed heroes including the Fantastic Four and Spider-Man to the billion-dollar modern box-office phenomena of the X-Men and the Avengers, Marvel has transcended beyond comic books and superheroes and now sits firmly in our collective consciousness. Now, in a new special edition from the editors of TIME, Earth's mightiest heroes have assembled in celebration and triumph of one comic book company's enduring legacy and the media empire it has spawned. This special edition covers the history of the superhuman powerhouse, a trip through the Marvel Cinematic Universe, the evolution of televised heroes, and the lasting impact of fictional heroes becoming real-life icons. Additionally, we delve into the emotional connection that we form with these characters and why we worship them. We'll also take a look at the future of the Marvel Cinematic Universe and will test your knowledge of the MCU as well.

what are the new marvel series coming out: *100 Things Star Wars Fans Should Know & Do Before They Die* Dan Casey, 2018-05-01 As a Star Wars fan, you've seen the movies, from A New Hope to The Last Jedi, and beyond. And of course you've probably had a faux lightsaber battle or two, pretending to be Luke Skywalker, Rey, or maybe Kylo Ren. But can you name the seven actors who have portrayed Darth Vader? Do you know how Ralph McQuarrie helped shape the world of Star Wars? Are you familiar with Deak Starkiller, Darth Plagueis, or Drew Struzan? Have you seen the infamous Star Wars Holiday Special? 100 Things Star Wars Fans Should Know & Do Before They Die is the ultimate resource for true fans of the galaxy far, far away. In this revised and updated edition, Dan Casey has collected every essential piece of Star Wars knowledge and trivia, as well as must-do activities, and ranks them all from 1 to 100, providing an entertaining and easy-to-follow checklist for viewers old and new to progress on their way to fan superstardom.

what are the new marvel series coming out: More Happy Than Not (Deluxe Edition) Adam Silvera, 2020-09-08 A special Deluxe Edition of Adam Silvera's groundbreaking debut featuring an

introduction by Angie Thomas, New York Times bestselling author of *The Hate U Give*; a new final chapter, *More Happy Ending*; and an afterword about where it all began. In his twisty, heartbreaking, profoundly moving New York Times bestselling debut, Adam Silvera brings to life a charged, dangerous near-future summer in the Bronx. In the months following his father's suicide, sixteen-year-old Aaron Soto can't seem to find happiness again, despite the support of his girlfriend, Genevieve, and his overworked mom. Grief and the smile-shaped scar on his wrist won't let him forget the pain. But when Aaron meets Thomas, a new kid in the neighborhood, something starts to shift inside him. Aaron can't deny his unexpected feelings for Thomas despite the tensions their friendship has created with Genevieve and his tight-knit crew. Since Aaron can't stay away from Thomas or turn off his newfound happiness, he considers taking drastic actions. The Leteo Institute's revolutionary memory-altering procedure will straighten him out, even if it means forgetting who he truly is. Why does happiness have to be so hard?

what are the new marvel series coming out: *Young Avengers Vol. 3* Kieron Gillen, 2014-08-06 Collects *Young Avengers* (2013) #11-15.

what are the new marvel series coming out: *Morality and the Literary Imagination* Gabriel R. Ricci, 2017-07-12 In a letter to Boccaccio, Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals. The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry. The prophecy came from an elder renowned for his piety, but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments. Nothing, not even death, according to Petrarch, ought to divert us from literature. For Petrarch, Virgil was the source for understanding how literary studies not only promote eloquence, but enhance morals. If anything, literature dispels the fear of death. The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature. The collected works in this new volume of the Transaction series *Religion and Public Life* heeds Petrarch's advice that literature not only orients us to life's developmental stages, it can provide us with a more complete understanding of the human character while artfully advancing morals. To this end, Michelle Darnell's opening chapter entitled *A New Age of Reason* explains how existentialism is an argument for how literature can take on philosophical form, not as formal argument, but as persuasive narrative. Over the objections of even those who study Sartre, Darnell uses Sartre's *The Age of Reason* as a model and shows how his literary output was a legitimate philosophical inquiry. In addition to the Darnell piece, the volume boasts a series of outstanding and innovative works by scholars in the field. Taken together as a whole, these authors not only illustrate the moral consequences of an original choice, but oblige the reader to explore the ramifications of such a choice in one's own life.
