Anticipated Trends for Star Wars Black Series 2025

The Star Wars Black Series has established a strong reputation for quality and accuracy, and the 2025 releases are expected to uphold and even elevate these standards. Several key trends are likely to influence the upcoming wave of figures. Hasbro's commitment to incorporating improved articulation and more nuanced sculpts will undoubtedly continue. This means fans can anticipate figures with greater poseability, allowing for more dynamic display options that capture the essence of their favorite characters.

Furthermore, the focus on premium deco applications is set to intensify. Expect more intricate paintwork, weathered effects that reflect battle damage or character wear, and potentially new finishing techniques to enhance the realism of each figure. The inclusion of updated accessories and swappable parts will also be a significant trend, offering collectors more value and versatility in their displays. This attention to detail ensures that each Black Series figure is not just a collectible but a true representation of the character as seen on screen or in other media.

Potential Character Predictions for 2025

Predicting the exact Star Wars Black Series 2025 releases is always a speculative endeavor, but by examining recent patterns and popular demand, we can make educated guesses. The ongoing success of live-action Disney+ series provides a fertile ground for new character introductions. Characters from highly anticipated seasons of existing shows, or those introduced in new, yet-to-be-released projects, are prime candidates for the Black Series treatment. This strategy allows Hasbro to

capitalize on current fan engagement and introduce fresh faces to the collector community.

Beyond the immediate popularity of current shows, Hasbro often revisits beloved eras and characters to satisfy a broader collector base. This means we could see new interpretations or highly requested additions from the original trilogy, prequel trilogy, and even the sequel trilogy. The company also keeps an eye on anniversaries and significant story arcs within the Star Wars lore that might warrant special releases. The Black Series aims to be comprehensive, eventually touching upon most significant characters from across the saga.

Focus on The Mandalorian and Andor Series

The Mandalorian continues to be a powerhouse for Star Wars merchandise, and the 2025 Black Series releases are likely to reflect its enduring popularity. Following the events and character introductions in its latest seasons, expect figures of supporting characters who have gained significant fan followings. Din Djarin himself, in new armor variations or with updated accessories, is always a possibility. The focus may also shift to characters like Bo-Katan Kryze, Grogu in various states, or even new Imperial figures introduced in the show.

Similarly, the critical acclaim of Andor suggests a strong potential for its characters to join the Black Series. With its more grounded and mature storytelling, figures from this series would appeal to collectors seeking realistic portrayals. Characters such as Cassian Andor, Luthen Rael, Mon Mothma, and even some of the more memorable Imperial officers or ISB agents could be prime candidates. The detailed realism of the show lends itself perfectly to the Black Series aesthetic.

Expanding the Clone Wars and Prequel Era Collection

The Clone Wars animated series and the prequel trilogy era have seen a resurgence in popularity, making them a consistent source for Black Series figures. In 2025, we can anticipate further expansions of this beloved era. This could include more clone trooper variants from different legions, beloved Jedi Masters not yet represented, or even new Sith Lords and Dark Side users. The demand for these characters remains exceptionally high among long-time fans.

Specific fan-favorite characters from The Clone Wars, such as Captain Rex, Ahsoka Tano (in different outfits), or various Jedi Knights and Padawans, are always in demand. For the prequel films, characters like Mace Windu, Ki-Adi-Mundi, or even distinct versions of Anakin Skywalker and Obi-Wan Kenobi could be revisited with updated sculpts and articulation. The Black Series has a strong track record of catering to this dedicated segment of the fanbase.

Classic Trilogy and Sequel Trilogy Additions

While newer properties often take center stage, the original trilogy and sequel trilogy remain foundational to the Star Wars fandom. Therefore, 2025 will likely see continued releases from these eras. For the original trilogy, this could mean updated versions of iconic characters like Luke Skywalker, Princess Leia, or Han Solo with improved likenesses and accessories, or the introduction of more obscure but still requested characters. The potential for villains from these films is also significant.

The sequel trilogy, despite its mixed reception among some fans, still boasts characters that resonate with a dedicated audience. Expect potential additions or upgrades for characters like Rey, Finn, Poe Dameron, Kylo Ren, and various First Order or Resistance personnel. Hasbro often gauges interest

through community feedback, and characters with strong visual appeal or pivotal story moments are often prioritized for the Black Series line.

The Role of Gaming and Expanded Universe Characters

Beyond film and television, the Star Wars universe is rich with characters from video games and the expanded universe (now largely part of "Legends" or new canon). Hasbro has shown a willingness to delve into these realms, and 2025 could see further exploration. Characters from popular games like *Jedi: Fallen Order*, *Jedi: Survivor*, or even older titles could make their Black Series debut. These characters often have distinct designs and engaging backstories that appeal to a different segment of the collector market.

The "Legends" continuity, while no longer primary canon, still holds a special place for many fans. If Hasbro decides to revisit these beloved characters, it would be a significant event for collectors. Characters like Starkiller from *The Force Unleashed* or figures from popular Legends novels and comic series could be strong possibilities. These niche but passionate fanbases can drive significant demand for well-executed figures.

Delving Deeper into Black Series 2025 Releases

The anticipation surrounding Star Wars Black Series 2025 releases extends beyond mere character selection. Collectors are keenly interested in the technical advancements and artistic execution that will define these new figures. Hasbro's approach to the Black Series line is characterized by a continuous pursuit of realism and playability, and 2025 is expected to be no exception to this evolutionary process. The attention to detail in every facet of production is what sets the Black Series apart.

Understanding the strategic considerations behind product development can offer insights into what collectors might expect. Hasbro meticulously balances fan demand, character popularity, licensing considerations, and production feasibility when curating each year's lineup. This ensures that the Black Series remains a vibrant and consistently exciting collectible for a broad spectrum of Star Wars fans, from casual enthusiasts to dedicated completists.

Innovations in Sculpting and Articulation

The quality of the sculpt is paramount in the Black Series, and 2025 promises further refinements. Expect hyper-realistic facial sculpts using advanced 3D scanning and printing technologies, capturing the likenesses of actors with unprecedented accuracy. The intricate details of costumes, armor, and weaponry will be meticulously rendered, showcasing the textures and nuances that bring characters to life. This commitment to fidelity ensures that each figure is a miniature masterpiece.

Articulation is another cornerstone of the Black Series. The 2025 figures will likely feature a high degree of articulation, utilizing a sophisticated ball-joint and hinge system. This allows for a wide range of motion and dynamic posing, enabling collectors to recreate iconic scenes or create their own action-packed displays. Subtle improvements in joint design and hidden articulation points may also be implemented to maintain a clean aesthetic while maximizing poseability. The goal is to strike a perfect balance between sculpt integrity and functional articulation.

The Impact of Fan Demand on 2025 Lineup

Hasbro is highly attuned to the voice of the collector community. Fan polls, social media discussions, and conventions are all key indicators of demand that influence character selection for future releases. Characters that are frequently requested or have gained significant traction through fan campaigns are more likely to be prioritized for the 2025 Black Series lineup. This direct feedback loop ensures that the line remains relevant and responsive to its target audience.

The success of crowdfunding initiatives like HasLab also demonstrates the power of fan demand. While not typically part of the standard Black Series releases, these projects highlight which characters or vehicles garner the most passion. This data indirectly informs Hasbro's decisions for more accessible Black Series figures. Therefore, actively participating in fan discussions and voicing preferences can genuinely impact what characters eventually get produced.

Pre-Order Strategies and Collector Tips

For collectors eager to secure their desired Star Wars Black Series 2025 releases, understanding pre-order strategies is crucial. Many retailers announce pre-orders months in advance, and popular figures can sell out quickly. It is advisable to monitor official Hasbro announcements, as well as reputable toy retailers and fan news sites, for release date information and pre-order windows. Setting up notifications and being ready to act swiftly is often key.

Collectors should also familiarize themselves with different retailers, as some may offer exclusive variants or bundle deals. While the Black Series generally maintains a consistent MSRP, price fluctuations and shipping costs can vary. Diversifying where you pre-order can help mitigate risks. Furthermore, keeping an eye on secondary market prices for highly sought-after figures can provide context for perceived value and potential investment opportunities, though the primary goal for most remains completing their collection.

The Ongoing Legacy of the Star Wars Black Series

The Star Wars Black Series has evolved significantly since its inception, becoming a cornerstone of the modern Star Wars collecting landscape. Each year's releases contribute to a continually expanding universe of meticulously crafted figures, offering something for every fan. The commitment to quality, detail, and fan engagement ensures that the Black Series will continue to be a dominant force in the collectible toy market for years to come.

The 2025 releases will undoubtedly add new chapters to this ongoing legacy, introducing fresh characters, reinterpreting beloved icons, and continuing to push the boundaries of what action figures can be. The passion of the collectors fuels this continuous innovation, making the Star Wars Black Series a dynamic and ever-evolving tribute to the galaxy far, far away.

Q: What are the most anticipated characters for the Star Wars Black Series 2025 releases?

A: While official announcements are pending, fans are highly anticipating characters from recent Disney+ series like *The Mandalorian* and *Andor*, as well as potential new iterations of classic trilogy characters and beloved Jedi or clone troopers from the prequel era and *The Clone Wars*.

Q: Will there be any exclusive figures in the Star Wars Black Series 2025 lineup?

A: It is highly probable that Hasbro will continue its tradition of releasing exclusive figures through various retail partners for the 2025 lineup, similar to previous years. These exclusives often feature unique deco, accessories, or character variations.

Q: How can I stay updated on the official Star Wars Black Series 2025 release schedule?

A: To stay updated, follow official Star Wars social media channels, Hasbro Pulse, and subscribe to newsletters from major toy retailers. Fan news websites and forums also provide timely information on announcements and pre-order dates.

Q: Are there any rumors about specific villains being released in the Star Wars Black Series 2025?

A: Rumors often circulate regarding villain releases. Based on current trends, characters from recent media with significant antagonist roles, such as those from Andor or new threats in The Mandalorian, are strong possibilities. Older, iconic villains may also receive updated Black Series versions.

Q: What role do fan requests play in determining the Star Wars Black Series 2025 lineup?

A: Fan requests play a significant role. Hasbro actively monitors fan discussions, polls, and convention feedback to gauge demand for specific characters. Characters with high fan-driven interest are more likely to be prioritized for production.

Q: Will the Star Wars Black Series 2025 feature characters from video games?

A: Yes, the Star Wars Black Series has a history of including characters from video games, and it is very likely that the 2025 releases will continue this trend, potentially drawing from recent titles like Jedi: Survivor or popular older games.

Q: How does Hasbro improve sculpting and articulation for each new wave of Black Series figures?

A: Hasbro continuously refines its techniques, utilizing advanced 3D sculpting for improved likenesses and intricate details, and enhancing articulation through more sophisticated joint designs and better distribution to allow for more dynamic posing.

Q: What should collectors do to ensure they can pre-order the Star Wars Black Series 2025 figures they want?

A: Collectors should be prepared to pre-order as soon as announcements are made. Following multiple retailers and setting up notifications for pre-order drops can significantly increase the chances of securing desired figures before they sell out.

star wars black series 2025 releases: *A Short History of Film, Fourth Edition* Wheeler Winston Dixon, Gwendolyn Audrey Foster, 2025-10-14 This updated and expanded edition of *A Short History of Film* provides an accessible overview of the major movements, directors, studios, and genres from the 1880s to the present. Succinct yet comprehensive, with more than 250 rare stills and illustrations, it brings readers face to face with many of the key players and films that have shaped the industry. Beginning with the precursors of moving pictures, Wheeler Winston Dixon and Gwendolyn Audrey Foster lead a fast-paced tour through the invention of the kinetoscope, the introduction of sound and color between the two world wars, and ultimately the computer-generated imagery of the present day. They detail significant periods in world cinema, including the creation of

early major industries in Europe, the dominance of the Hollywood studio system in the 1930s and 1940s, and the French New Wave of the 1960s. They also highlight independent efforts in developing nations and the corresponding more personal independent film movement that briefly flourished in the United States. Along the way, the authors incorporate the stories of women and other minority filmmakers who have often been overlooked in other texts. Compact and easily readable, this is a vital history of international cinema is a one-stop resource for students, teachers, and general readers alike.

star wars black series 2025 releases: *Star Wars* Josef Benson, 2025-03-18 *Star Wars: The Triumph of Nerd Culture* engagingly reveals how the most popular film franchise of all time sprang from the mind of a deeply insecure nerd, who then inspired and betrayed a generation of fans. In *Star Wars: The Triumph of Nerd Culture*, Josef Benson offers an unauthorized and provocative expose of the most popular film franchise of all time. Fueled by George Lucas's insecurities and a fervent fan-base who felt betrayed when Lucas defiled the original films, Benson presents the conflict between Lucas and Star Wars fans as comparable to the twisted relationship between Darth Vader and Luke Skywalker. Just as there is a riveting saga within the Star Wars universe that centers on the rise and fall of Anakin Skywalker and the redemption of Darth Vader, so too has a saga unfolded in relation to George Lucas and Star Wars fandom. Star Wars fans both love and hate Star Wars and George Lucas. He is equally responsible for their pleasure and pain. *Star Wars: The Triumph of Nerd Culture* delves deeper into the Star Wars universe than any book has gone before, including an illuminating look into why Lucas sold Lucasfilm to the Disney Corporation and how the sale affected the franchise. After reading this book, fans will never be able to watch Star Wars in the same way again.

star wars black series 2025 releases: *Screen Deep* Ellen E. Jones, 2024-01-30 *Screen Deep* is a book about the immense potential of screen storytelling to defeat an evil both historic and urgently topical: racism. Everyone watches TV and movies. Everyone has an interest in building a more just and equitable world. *Screen Deep* goes beyond the many film books and anti-racist manuals by demonstrating the connection between these two aspects of modern life. In *Screen Deep* Ellen E. Jones combines her personal experience as a mixed-race woman who cares about racism with her professional expertise as a film and TV journalist of twenty years standing, to ask - and answer - several questions: Is there such a thing as an Indigenous western? Is race comedy 'cancelled'? Where are all the films for white people? And most importantly: Can you still fight the good fight with a mouthful of popcorn?

star wars black series 2025 releases: The Flyy Girl Trilogy Omar Tyree, 2025-05-06

Experience the iconic New York Times bestselling series by award-winning author Omar Tyree that follows Tracy Ellison from childhood to the heights of Hollywood fame as she evolves from an east coast “flyy girl” to a strong, independent woman in this three-volume set that includes Flyy Girl, Boss Lady, and For the Love of Money. The captivating trilogy that defined an era starts with Flyy Girl, a bold coming-of-age story set in 80s Philadelphia. We meet Tracy, a spirited young woman with a taste for luxury, risk, and independence. As she navigates her teenage years, her journey is filled with drama, unforgettable characters, and the thrill of growing up on her own terms. Boss Lady takes Tracy’s story to dazzling new heights in Hollywood’s elite world, narrated by her fiery sixteen-year-old cousin, Vanessa. Tracy pours her ambition and fearless drive into turning her life story into a major motion picture. But can she really have it all? This sizzling tale is a testament to her grit, passion, and unstoppable spirit. Finally, in For the Love of Money, Tracy returns, now on the verge of Hollywood superstardom. But fame comes with a price. As she revisits her Philly roots, she must confront the fickleness of love, the weight of her past, and her dreams for the future. This powerful story captures this beloved heroine’s transformation from a “flyy girl” to a determined, self-made woman. Tracy’s rollercoaster journey from fearless teenager to unstoppable powerhouse will keep you hooked from start to finish. This trilogy is as vibrant and relevant now as when it first captivated readers back in the day, ensuring it lives on generation after generation.

star wars black series 2025 releases: A Phenomenology of the Alien Aaron B. Daniels, 2025-05-22

A Phenomenology of the Alien: Encounters with the Weird and Inscrutable Other considers both literal and figurative experiences of the alien from a psychological, psychoanalytic and philosophical perspective. Throughout the book, the authors wrestle with the unexplained, ineffable, unspeakable, sublime, uncanny, abject and Miéville’s abcanny. This collection provides phenomenologies of encounters with the inscrutably alien from lights in the sky, dark corners of Weird fictional landscapes, architecture, technology, or the clinical symptom. The chapters examine fictional and nonfictional encounters with what exceeds the capacity to “make sense,” taking a new approach to the topic of alterity and inviting the reader to examine how these encounters reflect our contemporary condition culturally, individually, clinically, theologically and philosophically. Bridging cultural, psychoanalytic, literary, clinical, media, and religious studies, the novel approaches in this volume will be of interest to students and scholars alike.

star wars black series 2025 releases: The Craft of Criticism Michael Kackman, Mary Celeste Kearney, 2025-08-19

With contributions from 35 leading media scholars, this collection provides a comprehensive overview of the main methodologies of critical media studies. Fully revised and updated throughout, the chapters in this second edition address various methods of textual analysis, as well as reception studies, policy studies, production studies, and contextual, multi-method approaches, like intertextuality and cultural geography. Film and television are at the heart of the collection, which also addresses digital technologies and new research tools in such areas as software studies, gaming, and social media. Each chapter includes an intellectual history of a particular method or approach, a discussion of why and how it was used to study a particular medium or media, relevant examples of influential work in the area, and an in-depth review of a case

study drawn from the author's own research. Together, the chapters in this collection give media scholars and critics a complete toolbox of essential critical media studies methodologies.

star wars black series 2025 releases: Movie Franchise Wars Ethan Parker, AI, 2025-02-24 *Movie Franchise Wars* explores the high-stakes world of film franchises, dissecting the business strategies and creative clashes that determine success in Hollywood. It examines how franchises balance commercial demands with artistic vision to capture audiences and dominate the box office. The book reveals how studios allocate resources and manage risk, highlighting the financial models and investment strategies crucial for long-term profitability. A key insight is understanding how carefully planned strategies, rather than mere chance, drive franchise dominance. The book analyzes narrative choices and world-building techniques that sustain audience engagement across multiple films and media platforms. It also examines the evolution of fan culture and its impact on shaping franchise trajectories. By integrating business analysis with cultural and creative perspectives, *Movie Franchise Wars* offers a unique approach, moving beyond simple explanations to understand why some franchises flourish while others falter. The book progresses from the economic principles of franchise filmmaking to narrative structures, and finally, the cultural impact of these cinematic universes. This comprehensive approach provides valuable insights for film students, media scholars, and industry professionals, offering a framework for understanding the complex dynamics that shape the film industry. Through case studies like Marvel Cinematic Universe, Star Wars, and Harry Potter, the book illustrates key concepts and the application of analytical frameworks in franchise filmmaking. It also considers the role of fan communities and online forums in influencing studio decisions.

star wars black series 2025 releases: *Billboard* , 1997-02-08 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

star wars black series 2025 releases: *Dangerous Fictions* Lyta Gold, 2025-10-14 In a political moment when social panics over literature are at their peak, *Dangerous Fictions* is a mind-expanding treatise on the nature of fictional stories as cultural battlegrounds for power. Fictional stories have long held an uncanny power over hearts and minds, especially those of young people. In *Dangerous Fictions*, Lyta Gold traces arguments both historical and contemporary that have labeled fiction as dark, immoral, frightening, or poisonous. Within each she asks: How "dangerous" is fiction, really? And what about it provokes waves of moral panic and even censorship? Gold argues that any panic about art is largely a disguised panic about power. There have been versions of these same fights over fiction for centuries. By exposing fiction as a social danger and a battleground of immediate public concern, we can see what each side really wants—the right to shape the future of a world deeply in flux and a distraction from more pressing material concerns about money, access, and the hard work of politics. From novels about people driven insane by reading novels to "copaganda" TV shows that influence how viewers regard the police, Gold uses her signature wit, research, and fearless commentary to point readers toward a more substantial question: Fiction may be dangerous to us, but aren't we also dangerous to it?

star wars black series 2025 releases: *The 1970s* Alicia Klepeis, 2025-08 Engaging images accompany information on the 1970s. The text level and subject matter are intended for students in grades 5 through 9-Provided by publisher-- Provided by publisher.

star wars black series 2025 releases: *A Galaxy Not So Far Away* Dave Eggers, Kevin Smith, Joe Queenan, 2015-03-24 A dazzling collection of original essays by some of America's most notable young writers on the cultural impact of the Star Wars films *A Galaxy Not So Far Away* is the first

ever exploration of the innumerable ways the Star Wars films have forever altered our cultural and artistic landscape. Edited by Glenn Kenny, a senior editor and critic at *Premiere* magazine, this singular collection allows some of the nation's most acclaimed writers to anatomize, criticize, celebrate, and sometimes simply riff on the prismatic aftereffects of an unparalleled American phenomenon. Jonathan Lethem writes of the summer he saw Star Wars twenty-one times as his mother lay dying of cancer. Neal Pollack chips in with the putative memoir of a certain young man having problems with his father, written in the voice of Holden Caulfield. Erika Krouse ponders the code of the Jedi Knight and its relation to her own pursuit of the martial arts. New York Times film critic Elvis Mitchell meditates upon the mysterious figure Lando Calrissian. A classic assemblage of pop writing at its best, *A Galaxy Not So Far Away* is a book for everyone who loves Star Wars films and seeks to understand just what it is about these films that has so enchanted an entire generation of filmgoers.

star wars black series 2025 releases: Global Art, Culture, and Media Perspectives

Hemanth Pawar, 2025-02-20 *Global Art, Culture, and Media Perspectives* offers a comprehensive exploration of the intricate relationships between art, culture, and media in our interconnected world. We delve into the profound impact of globalization on creative expressions, cultural identities, and media landscapes. Beginning with an examination of the historical and theoretical foundations of globalization, we explore how it has transformed the production, distribution, and consumption of art, culture, and media. Through diverse case studies and theoretical frameworks, we provide insights into the complexities of cultural exchange, hybridization, and resistance in the contemporary global context. We critically engage with contemporary artworks, cultural phenomena, and media artifacts to uncover the diverse manifestations of global cultural production and consumption. From international art biennials to transnational media conglomerates, we highlight how individuals and communities navigate cultural differences today. We address the power dynamics in global cultural flows, including cultural imperialism, hegemony, and appropriation, advocating for a more inclusive and equitable approach to cultural exchange. Examples of cultural activism, grassroots media initiatives, and collaborative artistic projects demonstrate how art, culture, and media foster cross-cultural dialogue and solidarity. Accessible yet intellectually rigorous, this book is essential for anyone interested in creativity, communication, and globalization.

star wars black series 2025 releases: Flyover Fictions Cornelia Klecker, Sascha Pöhlmann, 2025-04 *Flyover Fictions* critically engages the history and contemporary use of the flyover country trope in American culture and repurposes the concept as an abstract tool for cultural studies. The term flyover arose in the 1970s with variations--flyover country, flyover states--mainly used as synonyms for the American Midwest in intranational banter regarding cultural differences from the dominant urban centers of New York City and Los Angeles. In recent years, the trope has shifted away from this playfulness and its traditional geographic reference points to indicate larger political and cultural developments that speak of a deepening polarization in the United States. *Flyover Fictions* is an exploration of the trope's current politicization, historical contexts, and general proliferation of meanings. Instead of resolving the ambiguities inherent in the concept, the volume considers what can be done with these ambiguities, and how precisely their fuzziness might be used to create an analytic tool to describe, understand, and critique processes of cultural hierarchization. The contributors show how flyover fictions may operate in different national contexts and also internationally or transnationally, not only providing a fresh perspective on historical and contemporary American culture but also supplying a conceptual toolbox for broader use.

star wars black series 2025 releases: *Rise of Franchises* Ethan Parker, AI, 2025-02-24 *Rise of Franchises* investigates the increasing dominance of sequels and franchises in the film industry, driven by business management decisions and creative strategies designed to maximize revenue. It explores how studios prioritize established intellectual property to mitigate risk in a volatile market. Surprisingly, franchises aren't solely a modern construct; their roots can be traced back to early film serials, showcasing a long-standing pursuit of audience loyalty. The book meticulously examines the

financial incentives and creative compromises that shape today's Hollywood landscape. This book is structured in three parts, starting with the evolution and key elements of the modern movie franchise, like transmedia storytelling and brand management. It then analyzes the economic forces driving the franchise model, such as globalization and data-driven decision-making. Finally, it explores the effects of this trend on independent filmmaking and cinematic diversity. What sets this book apart is its balanced, interdisciplinary approach, integrating financial data with creative insights to provide a comprehensive understanding of the franchise phenomenon.

star wars black series 2025 releases: The Routledge Companion to Remix Studies

Eduardo Navas, Owen Gallagher, xtine burrough, 2025-03-27 The Routledge Companion to Remix Studies, 2nd Edition comprises contemporary texts by key authors and artists who are active in the interdisciplinary field of remix studies. As an organic international movement, remix culture originated in the popular music culture of the 1970s, and has since grown into a rich cultural activity encompassing numerous forms of media. The act of recombining pre-existing material continues to bring up pressing questions of authenticity, reception, authorship, copyright, and the techno-politics of media activism, especially with the emergence of artificial intelligence, which relies on remix methods and principles for content production. This book approaches remix studies from various angles, including sections on history, aesthetics, ethics, politics, and practice; and offers theoretical chapters alongside case studies of remix projects. This second edition includes ten new chapters, and nine revised chapters. Reprinted chapters from the first edition are updated with editorial prefaces. This volume offers in-depth insight for long-term relevance among the many interdisciplinary fields that rely on and also contribute to remix studies. This companion is a valuable resource for both researchers and remix practitioners, as well as a teaching tool for instructors using remix practices in the classroom.
