Other Brits had taken Manhattan-Alistair Cooke then, Anna Wintour now-so why couldn't he? But things didn't quite go according to plan. Within the space of two years he was fired from Vanity Fair, banned from the most fashionable bar in the city, and couldn't get a date for love or money. Even the local AA group wanted nothing to do with him. *How to Lose Friends and Alienate People* is Toby Young's hilarious account of the five years he spent looking for love in all the wrong places and steadily working his way down the New York food chain, from glossy magazine editor to crash-test dummy for interactive sex toys. But it's more than the longest self-deprecating joke since the complete works of Woody Allen (*Sunday Times*); it's also a seditious attack on the culture of celebrity from inside the belly of the beast. And there's even a happy ending, as Toby Young marries-for proper, noncynical reasons, as he puts it-the woman of his dreams. Some people are lucky enough to stumble across the right path straight away; most of us only discover what the right one is by going down the wrong one first. meryl streep upcoming movies 2025: Film as Argument Darren Paul Fisher, 2025-09-09 If you've picked up this book, it's most likely that you have an interest in movies over-and-above the typical audience member. Perhaps a screenwriter, producer or director looking to improve your work, always searching for any insight that will result in better cinematic storytelling. If that's the case, then good news: this is the book for you. It asks a deceptively straightforward question. Why do we make feature films? Is it to entertain? To move and audience? To tell a powerful story? For fame and fortune? You may have answered yes to each, but those answers don't account for the practice overall. Most books about screenwriting and directing are primarily concerned with craft and technique, but how can you truly understand filmmaking – or make the best films – unless you know what purpose it really serves. So what's the secret? As the title of this book suggests, making feature films is fundamentally the practice of making a very specific type of argument. To see how this works, we will deep-dive into how filmmakers are trained and taught to think about filmmaking, and what traditions they knowingly or unknowingly follow. We will look at hundreds of films and some major case studies, including *Toy Story 3*, *Schindler's List*, *Raiders of the Lost Ark*, *Amour*, and *mother!*, to explore how and what films argue, and why knowing this can both unlock both a greater appreciation of the form, and improve the impact your films make.

meryl streep upcoming movies 2025: Lloyd Kaufman Mathew Klickstein, 2025-02-17 After

nearly fifty years of disrupting media, gleefully Rabelaisian uberindie filmmaker Lloyd Kaufman (b. 1945) has been maligned, mocked, and—worst of all—ignored throughout the general course of his wildly eclectic and impactful filmography. As the equally huckster-ish and self-denigrating cofounder and president of Troma Entertainment—responsible for the likes of such schlocky “midnight movie” fare as *The Toxic Avenger*, *Sgt. Kabukiman N.Y.P.D.*, *Surf Nazis Must Die*, *Class of Nuke 'Em High*, *Tromeo & Juliet*, and, most recently, *#ShakespearesShitstorm*—Kaufman has indisputably left his slimily viscous fingerprints on moviemaking throughout the past half century. *Lloyd Kaufman: Interviews* gathers together no-holds-barred commentaries, op-eds, Q&As, arguments, and retorts from the prodigious filmmaker. Considering the typical Troma film is known, if at all, for the brand’s signature egregious gore, unabashedly scandalous sexual fetishism, sophomoric scatology, and provocative contrarianism, it’s easy to understand why Kaufman and his (still metastasizing) oeuvre go without much notice in the mainstream trades or classroom discussions. Like a modern-day P. T. Barnum, if there’s one way that Kaufman finds a pragmatic hold on the cultural zeitgeist, it’s through his tsunamic deluge of often vivacious, often vulgar, often vicious, and often (most dangerous of all) presciently insightful speaking engagements and interviews provided at an almost manic pace across the globe. Complete with an exclusive interview conducted by volume editor Mathew Klickstein, *Lloyd Kaufman: Interviews* is an extensive deep-dive omnibus from one of cinema’s most indefatigably ardent auteurs who may make us all uproariously laugh but refuses to not be taken deadly seriously.

We cheer from the sidelines. We grow accustomed to the joys and pains of raising toddlers, kids, tweens, and teens. And then, before we know it, it's our kids' last first day of school, the last time we'll watch them take the field, or the last night they sleep at home before heading off to their next adventures. A season of our lives as moms is ending, and we may be mourning its passing. And yet, while our kids still need us—in some ways, more than ever—this stage can also be an opportunity for personal transformation. Author Meagan Francis understands the mixed feelings that come along with this stage. As a mom of five kids ages teen to young adult, she's been blogging and podcasting about motherhood for more than twenty-five years while going from five kids under her roof to just one. In *The Last Parenting Book You'll Ever Read*, Francis will take you by the hand and lead you through the final stage of active parenting, as your teenagers prepare to step into the world...and you explore what it means to step back into yourself. *The Last Parenting Book You'll Ever Read* is about coming to terms with the many endings that moms of teenagers experience—but more than that, it's about all the new beginnings on the horizon, and how moms can still hold their families close while letting them go. With compassion for the big feelings that accompany big transitions, Francis helps readers harness some of the mothering energy they've been directing toward their children and redirect it back toward nurturing themselves.
