**upcoming movies 2025 telugu:** *The Speculative Route* Merve Tabur, Sami Ahmad Khan, 2025-08-29 The Speculative Route explores speculative traditions and science fictional modes across South and Southwest Asia and North Africa (SSWANA), examining their historical connections, inter- and intra-regional entanglements, overlaps, and differences. Conceptualizing science fiction and fantasy (SFF) as a mode rather than a genre, this volume challenges the putative boundaries

between literary and genre fiction through critical studies and essays focusing on SFF from Bangladesh, Egypt, India, Iran, Pakistan, Palestine, Sri Lanka, and Turkey. It demonstrates the ways in which science fictional modes of thinking and imagination function as critical tools for addressing social, cultural, and political issues beyond genre conventions and expectations. Bringing together articles by leading scholars of SFF and think-pieces by acclaimed authors of contemporary SF, this volume focuses on central themes such as the relationship between aesthetics and politics, alterity, world-building, memory, trauma, colonialism and decolonization, ecology, gender, religion, and mythopoetics. It engages with the past, present, and future of speculative traditions in SSWANA, and compares the visions that emerge from these seemingly disparate--but historically connected--entities. Part of the Studies in Global Genre Fiction series, this volume will be of great interest to academics, students, and practitioners in the fields of genre studies (notably, SF, SFF), comparative literature, media and popular culture, area studies, postcolonial studies, and future studies, as well as to readers who are interested in exploring SFF works from the Global South.

The scholarly and groundbreaking articles interrogate, in a global context, intersecting social, political and cultural issues and offer a rich discourse on the works of eminent filmmakers and their cinematic compositions. The original articles focus on the "New Wave" in Hindi, Kannada, Bengali, Malayalam, Assamese and other regional languages of India, as well as experimental/independent films from and on India, Pakistan, Bhutan, Bangladesh, Sri Lanka and other parts of South Asia, irrespective of the language in which they are made. The book also offers new insights and a fresh perspective on the contentious intellectual relation between human life and its reflection in cinemas.
