nicolas cage upcoming movies 2025: New Hollywood and Countercultural Whiteness Till Kadritzke, 2024-11-18 In the late 1960s, the white counterculture enters the screens with Bonnie and Clyde and Easy Rider; in 1976, a backlash seems to have taken place with white male protagonists such as Travis Bickle, Howard Beale, and Rocky Balboa being surrounded by non-white and female others. But these films cannot be neatly identified as left-wing or right-wing, liberal or conservative; in their politics of affect, they rather express important affinities. This study proposes the New Hollywood as an entry point into a cultural history of the postwar era sensitive to the intersections of affect, race, and gender. Following a narrative that spreads from the immediate postwar years to the 1970s, the study examines how New Hollywood films were part of a discursive and affective reconfiguration of white masculinity: the emergence of a subject position of countercultural whiteness and its affective style of expressivity. Examining affective affinities between films of the era complicates the narrative of polarization that shapes commentary on the history of American politics, emphasizing instead the shared racialized and gendered politics of the white counterculture and those reactionary forces that allegedly lashed back against it.

nicolas cage upcoming movies 2025: Film Authorship in Contemporary Transmedia Culture Wikanda Promkhuntong, 2025-10-01 Film Authorship in Contemporary Transmedia Culture: The Paratextual Lives of Asian Auteurs examines film authorship in the transmedia era whereby film directors have become public figures through a wide range of textual, material, and performative practices. The book draws on the notion of paratext and its related term - palimpsest - to bring forth the idea of self-reflexive authorship as a method of examining the mediated past, present, and afterlife of East Asian filmmakers. The first part of the book pays attention to materials surrounding film festivals, multi-platform distribution, and cinephile/fan creative practices, which have been created, rewritten, and shared to foster and problematize the reputations of selected filmmakers. The second part examines alternative modes of self-projections and creative productions that address the filmmakers' sense of selves and relations with the industry and the public. Across different chapters, discourses surrounding film authorship and East Asian cinema are revisited and expanded to highlight its multiple histories and possible futures.

nicolas cage upcoming movies 2025: Trying Chloé Caldwell, 2025-11-13 If you're writing

about your life in real time, are you inherently fucked? Over the years that Chloé Caldwell had been married and hoping to conceive a child, she'd read everything she could find on infertility. But no memoir or message board reflected her experience; for one thing, most stories ended with in vitro fertilization, a baby or both. She wanted to offer something different. Caldwell began a book. She imagined a selective journal about her experience coping with stasis and uncertainty. Is it time to quit coffee, find a new acupuncturist, get another blood test? Her questions extended to her job at a clothing boutique and to her teaching and writing practice. Why do people love equating publishing books with giving birth? What is the right amount of money to spend on pants or fertility treatments? How much trying is enough? She ignored the sense that something else in her life was wrong that was not on the page... until she extracted a confession from her husband. Broken by betrayal but freed from domesticity, Caldwell felt reawakened, to long-buried desires, to her queer identity, to pleasure and possibility. She kept writing, making sense of her new reality as it took shape. With the candour, irreverence, and heart that have made Caldwell's work beloved, *Trying* intimately captures a self in a continuous process of becoming — and the mysterious ways that writing informs that process. 'The queen of irreverence and confessionalism... Caldwell gives readers a wide-eyed look at her life in a time of great uncertainty. With tenderness, humility, curiosity and familiarity that readers have come to expect from Caldwell, her latest memoir is a touching and liberating look into identity, fertility and becoming' - *Paste Magazine* 'Caldwell's compact and wide-ranging musings are

wry surprising and fresh' - Amy Fusselman, author of *The Means 'In Trying*, Caldwell shows - in the most hilarious, heartbreaking ways - how our culture drives women batshit crazy and then pretends this insanity is healthy adulthood. What a relief to watch a woman become truly sane: wild, free, spontaneous, slutty, unapologetic, fully alive' - Hannah Tennant-Moore, author of *Wreck and Order* 'When I finished reading the book, I began it again. I found pleasure in the limbo, in the between. I wanted to be in Caldwell's language forever' - LA Warman 'A fearless ode to unrequited desire' - Steve Almond, author of *Truth is the Arrow*, *Mercy is the Bow* 'An intimate, engaging memoir' - Kirkus Reviews For fans of Kirsty Logan's *The Unfamiliar*, *The Argonauts* by Maggie Nelson and *Untamed* by Glennon Doyle.

nicolas cage upcoming movies 2025: Somebody Is Walking on Your Grave Mariana Enriquez, 2025-09-30 An enchanting, highly personal tour of some of the most iconic cemeteries of the world—part travelogue, part memoir, part "excursions through death," by the author of *Our Share of Night* and "queen of horror" (Los Angeles Times) "Not a travelogue so much as a grave-a-logue, *Somebody is Walking on Your Grave* is an exuberant, witty wander among the dead. You could not have a better friend to take you by the hand and lead you for a long traipse among tilting tombstones, dank crypts, and chilling history."—Joe Hill "Enriquez knows cemeteries are the repositories of life's pain and beauty. I felt more alive as I read."—Caitlin Doughty, *New York Times*

bestselling author of *Smoke Gets in Your Eyes: And Other Lessons from the Crematory* “An eccentric and enlightening peek into how memorialization happens across the world.”—Publishers Weekly, starred review “Fascinating . . . Enriquez hides a celebration of life in a book about death.”—Booklist, starred review One of Publishers Weekly’s Top 10 New Releases of the Fall • A Most Anticipated Book of the Fall: Los Angeles Times, Literary Hub, Ms. Magazine, Bustle, Book Riot, Publishers Lunch Cemeteries have great stories and sometimes I steal some for my books. Mariana Enriquez—called by The New York Times a “sorceress of horror”—has been fascinated by the haunting beauty of cemeteries since she was a teenager. She has visited them frequently, a goth flaneur taking notes on her aesthetic obsession as she walks among the headstones, “where dying seems much more interesting than being alive.” But when the body of a friend’s mother who was disappeared during Argentina’s military dictatorship was found in a common grave, Enriquez began to examine more deeply the complex meanings of cemeteries and where our bodies come to rest. In this rich book of essays—“excursions through death,” she calls them—Enriquez travels through North and South America, Europe and Australia, visiting Paris’s catacombs, Prague’s Old Jewish Cemetery, New Orleans’s aboveground mausoleums, Buenos Aires’s opulent Recoleta, and more. Enriquez investigates each cemetery’s history and architecture, its saints and ghosts, its caretakers and visitors, and, of course, its dead. Weaving personal stories with reportage, interviews, myths, hauntology, and more, *Somebody Is Walking on Your Grave* is memoir channeled through Enriquez’s passion for cemeteries, revealing as much about her own life and unique sensibility as the graveyards and tombstones she tours. Fascinating, spooky, and unlike anything else, Enriquez’s first work of nonfiction, translated by the award-winning Megan McDowell, is as original and memorable as the stories and novels for which she’s become so beloved and admired.

nicolas cage upcoming movies 2025: *James Ulmer's Hollywood Hot List* James Ulmer, 2025-06-25 The little black book that's next to every studio executive's palm pilot--the real scoop on Hollywood's top 200 stars. Who's hot? Who's not? Who can green-light any project that they want? Who's begging for scraps? For years the film industry's elite have looked to James Ulmer's Hollywood Hot List to measure who was really worth a multimillion-dollar payday and who should be pasture-bound. Ulmer's star power rankings can change a star's salary--or even whether or not he or she gets a role. An actor's star power includes: -Bankability: How the actor's name alone guarantees a sale up front in today's global marketplace. -Career management: How well has the actor chosen roles to maximize career potential? -Willingness to travel and promote: How cooperative is the actor in promoting projects? -Professionalism: How reliable is the actor to work with, both on and off the set? -Inside Dirt: The truth about what it's like to work with the top 200 actors worldwide. -Box office bait: Who the actor has worked for and how much the project made. Ulmer's information is culled from those who work closely with the stars--their agents, co-stars, movie producers, directors, distributors, and personal assistants. The opinions of those in the know and the dollars a star can earn measure the true value of the actors in Hollywood. Find out who owns Tinseltown, who's just renting, and who's being evicted.

nicolas cage upcoming movies 2025: *Scared by the Bible* Brandon R. Grafius, 2025-10-07 You may know the Bible as a testament of faith. But within this sacred book are also the world’s first horror stories. Conventional wisdom has it that the origins of the horror genre are found in the nineteenth century, in works like *Frankenstein*, *Dracula*, and *The Strange Case of Dr Jekyll and Mr. Hyde*. In this paradigm-shaking new book, Bible scholar and cultural historian Brandon Grafius argues that the Bible is, among other things, the world’s first work of horror literature. The tropes and themes that we find in slasher movies, body horror, folk horror and zombie apocalypses were kickstarted by the Bible. Before *Godzilla*, there were the monsters arising from the sea in the book of Daniel. Before *The Wicker Man*, there was the folk horror violence of the book of Judges. And before

The Fly, Leviticus and Paul understood that our bodies are untrustworthy. Sometimes, the Bible has decided that the best way to help us understand the world in new ways is to scare us. Grafius's book is a revelatory work of biblical scholarship as well as a cultural analysis of the contemporary horror genre. It is a book that will make readers revise how they see the Bible and impact how they consume horror literature and cinema. It is guaranteed to make them wiser consumers of both. Praise for *Lurking Under the Surface: Horror, Religion, and the Questions that Haunt Us* "Grafius's surprising, and often insightful, eclectic intellectual enterprise in *Lurking Under the Surface* brings into stark focus Ligotti's understanding of unreal horror as being sublimated ruminations about real horror. —Los Angeles Review of Books Grafius teaches us how to welcome horror as a constant companion in a world plagued by real evil. —Sojourners Grafius' easy writing and gentle touch will lull the reader into an educational trance that makes diving into the slim book more like watching a movie than reading an informational text. Grab the popcorn. —Booklist Brandon Grafius combines biblical scholarship with a fanboy's love of horror to create a fun, fascinating book you won't be able to put down. I've never read a book quite like this. —Reza Aslan, #1 New York Times bestselling author of *Zealot: The Life and Times of Jesus of Nazareth* No matter how many times you've seen *Night of the Living Dead*, *The Thing*, or *Sinister*, this book will come to you as a revelation. Brandon Grafius not only knows horror—he understands the deeper questions dark fictions ask. —W. Scott Poole, author of *Dark Carnivals: Modern Horror and the Origins of American Empire* and *Monsters in America* What a tasty book! It dives deep into what terrifies us, entertains us, and awakens the awe inside us. With a scholar's knowledge of both theology and every kind of horror movie, Grafius takes us on a tour of our soul with thought-provoking analysis, personal reflection from his own journey, and a healthy helping of humor. —Owen Egerton, writer/director of *Mercy Black* and author of *Hollow* *Lurking under the Surface* rightly argues the hope of horror and the horror of hope within the overlapping and at times problematic circles of Western religion and the horror film. A thoroughly engaging read. —Paul Tremblay, bestselling author of *A Head Full of Ghosts* and *The Cabin at the End of the World*

nicolas cage upcoming movies 2025: *Spurious Correlations* Tyler Vigen, 2015-05-12 *Spurious Correlations* ... is the most fun you'll ever have with graphs. -- Bustle Military intelligence analyst and Harvard Law student Tyler Vigen illustrates the golden rule that correlation does not equal causation through hilarious graphs inspired by his viral website. Is there a correlation between Nic Cage films and swimming pool accidents? What about beef consumption and people getting struck by lightning? Absolutely not. But that hasn't stopped millions of people from going to tylervigen.com and asking, Wait, what? Vigen has designed software that scours enormous data sets to find unlikely statistical correlations. He began pulling the funniest ones for his website and has since gained millions of views, hundreds of thousands of likes, and tons of media coverage. Subversive and clever, *Spurious Correlations* is geek humor at its finest, nailing our obsession with data and conspiracy theory.
